Resolution on the report on work connected with the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Reformatory Schools Act, 1897, and the Bengal Borstal Schools Act, 1928.

GOVERNMENT OF BENGAL.

Education Department.

Miscellaneous.

CALCUTTA, THE 9TH NOVEMBER 1932.

RESOLUTION—No. 2040 MIS.

Read—

The following report on work connected with the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Reformatory Schools Act, 1897, and the Bengal Borstal Schools Act, 1928.

The Governor in Council desires to express again his high appreciation of the public service rendered by various non-official bodies referred to in the report in connection with the working of these Acts. The value of the public work which these bodies do, cannot be over estimated; but its extent is largely dependent upon the amount of private contributions which they receive. It is earnestly hoped, therefore, that the public will continue to support these philanthropic bodies with increased generosity.

Order.—Ordered that copies of the resolution be forwarded to the Director of Public Instruction, Bengal, the Commissioner of Police, Calcutta, the Inspector-General of Police, Bengal, and the Inspector-General of Prisons, Bengal, for information.

Ordered also that the the resolution, together with the report, be published in the *Calcutta Gazette*.

By order of the Governor in Council,

H. R. WILKINSON,

Secy. to the Govt. of Bengal.

Report in connection with activities dealt with by the Education Department of Government relating to the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Bengal Borstal Schools Act, 1928, and the Reformatory Schools Act, 1897, for the year 1931.

1. The Education Department of the Government of Bengal deals with the following matters among others:—

(*a*) **Bengal Children Act.**—Administration of this Act relating only to matters subsequent to the passing by the Court of a final order sending a child to a Reformatory School, an Industrial School or placing a child in suitable custody.

(*b*) **Calcutta Suppression of Immoral Traffic Act.**—Administration of this Act relating only to matters subsequent to the passing by the Court of a final order of suitable custody.

(*c*) **Reformatory Schools Act.**—Administration of this Act in respect only of releases and the after-care of boys.

(*d*) **Bengal Borstal Schools Act.**—Administration of this Act in respect only of after-care of those released.

The Bengal Children Act extends only to the town of Calcutta, the suburbs and the port of Calcutta, the municipality of Howrah, the police-stations of Bally, Jagacha, Sankrail and Domjur in the district of Howrah and the police-stations of Baranagar, Barrackpore, Tittagarh, Noapara, Khardaha, Naihati and Jagatdal in the district of the 24-Parganas. The following sections of the Act have not yet been brought into force:—

Section 27 (*1*) (*i*) (*ii*) (*iii*) (*a*) (*b*) (*c*) (*d*) (*e*) and (*f*).

Section 27 (*2*) (*a*) (*b*) (*c*) (*d*) and (*f*).

Section 28 (*2*).

The Calcutta Suppression of Immoral Traffic Act extends to the town, the suburbs and the port of Calcutta.

The Reformatory Schools Act only applies to that part of the province to which the Bengal Children Act has not been extended. Boy offenders dealt with by Courts in the Children Act area are sent to Reformatory Schools regulated by this Act and boy offenders from without this area to the Hazaribagh Reformatory School in the province of Bihar and Orissa under the provision of the Reformatory Schools Act, 1897.

2. During the year 1931, the total number of children dealt with by the Juvenile Court was 275. Of them 14 were dealt with under the Bengal Children Act, 45 under the Calcutta Suppression of Immoral Traffic Act, and the rest under the Indian Penal Code and other Acts.

The number of children received from the Court during the year under report was as follows:—

Reformatory School	...	...	45
Industrial School	...	...	2
Salvation Army Home	...	...	5
Gobinda Kumar Home	...	...	14
Society for the Protection of Children in India		...	3

The rest of the children dealt with by the Juvenile Court were discharged, acquitted or made over to their guardians.

3. The number of Reformatory Schools for boys and girls, Industrial Schools for boys and places of suitable custody under clause 28 (*1*) of the Bengal Children Act remained as before.

These are as follows:—

(*1*) The Reformatory and Industrial Schools for boys at Alipore, maintained by Government.

(*2*) Reformatory School for Girls—The Salvation Army Women's Industrial Home at Entally.

(*3*) Places of suitable custody—

(*a*) Gobinda Kumar Home, Panihati.

(*b*) Salvation Army Women's Industrial Home, Entally.

(*c*) Calcutta Protestant Home for Girls, commonly called the Fendall Home.

4. **Controlling agencies.**—During the year under review the Director of Public Instruction, Bengal, continued to act as the Chief Inspector of Reformatory and Industrial Schools.

The two ladies, who were appointted to inspect places of suitable custody recognised by Government as eligible for grants, continued to serve in that capacity.

5. **Administration.**—The following summary outlines the activities of the various institutions working under these Acts:—

(*1*) **Reformatory and Industrial Schools (for boys), Alipore.**—The combined Reformatory and Industrial Schools at Alipore for boys under section 6 (*1*) of the Bengal Children Act is under the general administrative control of the Director of Public Instruction, Bengal. The immediate control and management of the institutions lies with the Superintendent and a managing committee consisting of officials and non-officials.

The capacity of the combined institutions is 350 boys, and they are wholly maintained by Government.

On 31st December 1931, the number of boys in the Reformatory School was 193 against 207 on the corresponding date in the previous year. The number of boys in the Industrial School in 1931 was 43 against 38 in 1930. All the pupils in both the institutions in 1931 were Indians except two Anglo-Indians. Of the Indians 128 were Hindus, 94 Muhammadans and 12 Christians. The number of Bengali-speaking boys in the Reformatory School increased from 63 to 67 and Hindi-speaking boys from 74 to 87. In the Industrial School the number of Bengali-speaking boys remained as before, viz., 14 and the number of Hindi-speaking boys increased from 8 to 12. The number of Urdu-speaking boys in the Reformatory School decreased from 69 to 38 and in the Industrial School the number increased from 15 to 16.

The classification of pupils according to domicile was as follows:—

	Reformatory.	Industrial.
Bengal—		
(*a*) Pure Bengali	62	14
(*b*) Domiciled in Bengal	52	20
(*c*) Anglo-Indian	1	1
Bihar	35	5
Orissa	6	...
United Provinces	22	1
Madras	6	...
Rajputana	4	1

The Punjab, Kashmir, Bombay, Central Provinces and Ceylon each accounted for one boy in the Reformatory School, while there was one from the Central Provinces in the Industrial School also.

Those classified as domiciled in Bengal were mostly up-country boys. The medium of instruction was Bengali, Urdu or Hindi, according to the language of the boys, up to the standard of primary and post-primary classes. The curriculum was that proposed by Messrs. J. M. Sen and K. C. Ray and sanctioned by Government. The results of the annual examination were on the whole satisfactory.

In the workshops tailoring, carpentry, blacksmithy, tinsmithy and weaving were taught. Regular moral instruction was given by the teachers once a week.

The boys took a keen interest in various games and physical exercises, and drill and gymnastics formed a part of the daily routine. The Scout troops of this institution had a very successful year.

In 1931, there was a considerable increase in sickness among the boys and there were two deaths. The increase in malaria, skin disease, chicken-pox and influenza cases was attributed to the condition of the tank in the school compound. The improvement of the tank in August 1931 was followed by a marked decrease in the number of hospital cases by the end of the year.

There was a serious outbreak of indiscipline among the boys towards the end of May 1931, but the situation was brought under control and the atmosphere prevailing at the end of the year was altogether happier and brighter; greater freedom is now allowed, and selected boys are allowed to go home unattended on holidays, while relatives and guardians are permitted to mix freely with the boys on Sundays.

(*2*) **Gobinda Kumar Home, Panihati.**—This home is intended for Indian girls dealt with under the Calcutta Suppression of Immoral Traffic Act as well as the Bengal Children Act.

The capacity of the home is 95 girls.

There were 88 girls of ages varying from 6 to 16 in this home in 1931 as against 72 in 1930. Out of 88 girls, 71 were Bengalis, 6 United Provinces girls, 7 Oriyas, 3 Marwari and 1 Nepali. All of them were Hindus, dealt with under section 4 of the Immoral Traffic Act. During 1931, the average cost of maintaining a girl amounted to about Rs. 20 per month as against Rs. 23 in 1930; of this Rs. 20, Rs. 10 per month was contributed by Government, the balance being met from private sources. Owing to trade depression the amount of private subscriptions diminished and the authorities found it difficult to maintain the home at the standard they would have wished.

The girls were taught hygiene, needle-work, painting, drawing, jam and chutney making and other useful subjects in addition to the ordinary elementary lessons. The primary school attached to the home had classes IV, II, and I, but the progress made by the girls was not as good as in the previous year.

The health of the girls was fairly good and satisfactory during the year 1931.

(*3*) **Salvation Army Women's Industrial Home for Girls, Entally.**—This home also is intended for Indian girls dealt with under the two Acts.

During the year 1931, 5 girls between the ages 8 to 14 were sent to this home by the Court. Of them 2 were Hindus and 3 Muhammadans. Two of them belonged to Bengal, 2 to the United Provinces and one came from Bihar and Orissa.

All these girls were rescued from houses of ill-fame and dealt with under section 4 of the Immoral Traffic Act, except one belonging to Bihar and Orissa and who was dealt with under section 380, Indian Penal Code, for theft.

Three girls in the home were reading in the 1st standard and the other two in the 2nd standard. They were also taught house work and sewing. They were taught drill and games and their health was fairly good.

The cost of maintenance was Rs. 16-10-8 per head of which Rs. 10 was paid from provincial revenues and the balance from public subscription.

The home received during the year under review a maintenance grant of Rs. 1,500 in addition to the capitation grant of Rs. 10.

(*4*) **Calcutta Protestant Home (Fendall Home).**—This home is intended for Anglo-Indian and European girls.

No girls dealt with under the Bengal Children Act or the Immoral Traffic Act were sent to this home by the Juvenile Court during 1931. There were however girls sent in previous years, and on their account the home received a total capitation grant of Rs. 160 during 1931-32.

(*5*) **Society for the Protection of Children in India.**—During the year under review the society continued to render useful assistance to children taken under its protection by arranging for their guardianship, by placing them in suitable schools, by help with clothing, temporary relief and advice.

The society dealt with 737 children of various nationalities in 1931 as against 568 in 1930. Out of 737 children, 163 were placed in 42 different schools or institutions, 20 handed back to their guardians and 6 admitted into hospitals. The society undertook the protection or guardianship of 101 children and gave temporary help or advice to 336.

In 1931, Government recognised the society as eligible for capitation grants for children committed to its custody by a Court under the Bengal Children Act or the Immoral Traffic Act. It also received the annual Government grant of Rs. 3,000.

The total expenditure of the society during the year 1931 was about Rs. 30,000.

(*6*) **Hazaribagh Reformatory School.**—The Reformatory School at Hazaribagh under the control of the Government of Bihar and Orissa continued to be used by this Government as a place where youthful boy offenders of this province were sent by Courts of the districts where the provisions of the Bengal Children Act had not been extended.

During the year under report, 6 boys, who had been convicted by Courts in Bengal, were discharged from this school, 2 under section 14 (*a*) of the Reformatory Schools Act of 1897 and 4 under section 13 (*2*) of the Act.

(*7*) **Bengal After-care Association for Juveniles and adolescents.**—Government note with regret that this association, which received a grant of Rs. 3,000 from Government, has failed to submit any report regarding its work during the year 1931.

A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

17. The Chairman shall, on receiving a notice of withdrawal under order 16, as soon as may be, cause a notice of withdrawal to be affixed in some conspicuous place in the municipal office, and if the municipality has been divided into wards, in the municipal office, and the ward to which the matter relates.

18. Any person who applied under order 15 and whose name is not published in the list of candidates, or who disputes the claim of any other candidate to be on the list published by the Chairman under order 15, may apply to the Magistrate in writing within two days of the date of publication of the list of candidates for an order to have his name included in or any name omitted from the list. The Magistrate shall make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Chairman so as to reach him not less than 12 days before the date of the election; and the Chairman shall, upon receipt of the order, give effect to the same, and such order shall be final.

19. The Chairman shall, not less than 10 days before the date of the election, publish a revised list of candidates in the same manner as the original list, containing all the alterations and amendments made in such original list, by the order of the Magistrate under order 18 and by the withdrawals of candidates under order 16. The revised list thus published shall be the final list of candidates for the election.

20. When the number of candidates for election in a municipality which has not been divided into wards, or in any ward of a municipality is no greater than the number of vacancies, such candidates shall be deemed to be elected. If the number of candidates exceeds the number of vacancies, a poll shall be held.

21. (*1*) The poll shall be held at such time and at such place or places as the commissioners at a meeting, or with their approval, the Chairman may determine:

Provided that, where it is considered necessary, separate arrangements may be made for the recording of votes by female voters.

(*2*) The place or places at which and the hours between which the votes will be recorded shall be notified by beat of drum, and by the publication of notices at the same time as the list of candidates is published under order 19.

(*3*) With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Chairman shall divide each polling booth into two rooms or compartments, hereafter called the inner and outer compartments. Votes shall be recorded in the inner compartment.

22. After the second hour mentioned in the notice referred to in order 21 no voter shall be admitted within the building or enclosure within which the election proceedings are being held, but the votes of all duly registered voters who are already within the building or enclosure shall be recorded.

23. Each voter shall be entitled to vote for the ward in respect of which his name has been registered, and for no other, and to give as many votes as there are vacancies for such ward:

Provided that, where the municipality has not been divided into wards, each voter shall be entitled to vote for as many candidates as there are vacancies in the entire number of commissioners:

Provided also that, he shall not give more than one vote to any one candidate.

24. The commissioners at a meeting shall appoint a polling officer, who is neither himself a candidate for election nor the agent of a candidate, to preside at the election for each ward, or, in the case of a municipality not divided into wards, at each polling centre. When the number of voters in any ward, or in a municipality, is large, or where separate arrangements are found to be necessary for female voters, the commissioners at a meeting, or with their approval the Chairman, may provide more than one polling centre for such ward or municipality; and in that case the commissioners at a meeting shall appoint a polling officer for each such centre and shall cause a notice to be published showing the names and the serial numbers, as given in the Final Electoral Roll, of persons whose votes will be recorded at any specified polling centre in the ward or the municipality. If the polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person, who is not himself a candidate, or the agent of a candidate, for election, to take his place. The polling officer shall be assisted by a committee, hereafter referred to as the election committee, consisting of not less than three and not more than five ratepayers of the ward or the municipality, nominated by the commissioners at a meeting and not themselves candidates or agents of candidates for election. If any member of such committee fail to attend, his place may be taken by another ratepayer, not being himself a candidate for election, or the agent of a candidate, selected by the polling officer.

25. On the morning of the election day the polling officer shall be supplied with a sealed ballot-box provided with an aperture for receipt of voting papers, a copy of the Final Electoral Roll, and a bound book or books of voting papers serially numbered in foil and counterfoil, one voting paper for each voter entered in the Final Electoral Roll.

26. The voting paper shall be printed in English, or both in English and Bengali, in Form D annexed to these rules. The names of candidates in English shall be in alphabetical order. When the voting paper is printed in both the languages the name of a candidate in Bengali shall be printed below that in English in each case.

27. (*1*) On the day of the election the polling officer shall admit to the outer compartment the candidates and such agents as may be selected by the candidates, to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(*2*) Only voters, members of the election committee and such other persons (if any) as the polling officer may by special directions admit, shall be allowed to enter the inner compartment.

(*3*) No candidate, nor the agent of any candidate, shall be admitted into the inner compartment.

(*4*) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or outer compartment.

28. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(*1*) That his name is not on the Final Electoral Roll of the ward or of the municipality in respect of which the election is being held.

(*2*) That his claim to be a certain voter shown on the Final Electoral Roll is false.

(*3*) That he has already voted.

(*4*) (Where there is more than one polling centre in a ward or a municipality) that under order 24 he is not entitled to record his vote at the polling centre, in respect of which the objection is raised.

29. The procedure for recording each voter's vote shall be as follows:—

(*i*) There shall be no voting by proxy.

(*ii*) As each intending voter enters the outer compartment, his name and his number in the Final Electoral Roll shall be called out, so that everybody present can hear them.

(*iii*) No objection to a voter shall be entertained except on the grounds mentioned in order 28.

(*iv*) Such objection shall be summarily decided by the polling officer, who may for this purpose obtain such evidence as may be available on the spot.

(*v*) If after taking such evidence the polling officer is satisfied that the voter is entitled to vote, he shall hand him the foil of a voting paper and allow him to proceed to vote.

(*vi*) The number of the voter in the Final Electoral Roll shall be marked on the counterfoil of the voting paper.

(*vii*) The voter on receiving the voting paper shall forthwith be directed by the polling officer or other person (not being a candidate or his agent), deputed by the polling officer for this purpose, to the place set apart for the purpose within the inner compartment and shall there mark a cross for each vote that he gives against the name of the candidate or candidates for whom he intends to vote. He shall then fold the voting paper so as to conceal his vote and shall put the voting paper, so folded up, into the ballot-box. He shall vote without undue delay, and shall quit the polling station as soon as he has put the voting paper into the ballot-box.

(*viii*) If the voter is unable to read the voting paper, or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter. The voter shall then put the voting paper folded up into the ballot-box.

30. It shall be the duty of the polling officer and the election committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any candidate or his agent, that only such persons as may be admitted to either compartment under these orders are admitted thereto, and that persons, who have recorded their votes, or against whom objections have been heard, are allowed leave immediately. It shall also be their duty to see that these orders and any special directions given by the polling officer thereunder are strictly observed.

31. (*1*) On the conclusion of the poll the ballot-box shall be opened and the votes scrutinised and counted in the presence of the candidates or their agents by the polling officer with the assistance of the election

committee, and the polling officer shall then and there, subject to the provisions of orders 32 and 33, declare the result of the election and report accordingly to the Chairman, if he is not himself the Chairman.

(2) Where there are more polling centres than one in a ward or a municipality the polling officers shall, on conclusion of the poll, send their ballot-boxes locked and sealed with the municipal seal together with the books and counterfoils and unused foils of voting papers properly sealed up, to the polling officer of one of the wards or municipal centres nominated by the Chairman in this behalf as chief polling officer of the ward or the municipality. The chief polling officer of the ward or the municipality shall forthwith proceed to open the ballot-boxes, scrutinise and count the votes and shall declare the result of the election and submit the report in the manner prescribed in clause (1) of this order.

32. Any voting paper which is not duly marked, or on which more crosses are placed than there are vacancies, or on which a cross (or mark) is placed in such manner as to make it doubtful to which candidate the vote has been given, or on which any mark is made by which the voter may afterwards be identified, shall be invalid.

33. If there be an equality of votes for the same vacancy, and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, the selection of one of the candidates shall be made by lot to be drawn by the polling officer or chief polling officer, as the case may be, in such manner as he may determine.

34. In the event of any candidate being elected for more than one ward, he shall, within five days from the date of the election, declare which ward he will represent; and if he fail to make such declaration, the Chairman shall forthwith declare the ward which such candidate shall represent, and in either case such candidate shall be held to be elected in the ward in respect of which either of such declarations has been made, and in every other ward in which the said candidate has been returned the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

35. When the voting papers have been scrutinised and counted, the polling officer or the chief polling officer, as the case may be, shall forthwith replace them in the ballot-box from which they were taken. He shall also seal up the books of counterfoils and unused foils of voting papers. If he is not himself the Chairman, he shall make them over with the ballot-box to the Chairman to be kept in safe custody until the books and the voting papers are destroyed under order 36.

36. On the expiry of 30 days from the date of the declaration of the result of the election, the voting papers in the ballot-box and the sealed books containing unused voting papers and counterfoils in the Chairman's custody, shall be destroyed in the presence of such municipal commissioner or officer as the commissioners at a meeting may appoint for this purpose.

37. The list of duly returned candidates for the whole municipality shall be forwarded by the Chairman through the District Magistrate to the Commissioner of the Division for publication by him in the *Calcutta Gazette*.

38. In municipalities where the Magistrate is the Chairman, the duties assigned to the Chairman in these orders shall be discharged by the Vice-Chairman.

39. If, in any case, such a course appears to the local Government to be necessary, it may direct that the Magistrate shall perform all or any of the duties assigned in these orders to the Chairman or the commissioners in meeting.

40. No person having directly or indirectly by himself or his partner any share or interest in any contract or employment with, by or on behalf of the commissioners, or holding any office of profit under the commissioners, shall, directly or indirectly, engage in canvassing for votes, or otherwise assist in the election of any candidate otherwise than by giving his own vote.

41. All costs incurred in the preparation, printing and publication of the Electoral Rolls, the publication of notices, the holding of elections, or taking any other necessary action under these rules, shall be payable by the commissioners out of the municipal fund.

INDIAN POLICE MEDAL.

New Delhi, the 18th November 1932.

No. F.-114-IV/32-Police.—His Excellency the Viceroy and Governor-General of India has been pleased to confer the Indian Police Medal on the following officers:—

* * * * *

BENGAL.

1. Chhaturi Rai, Constable, Calcutta Police.—At about 3 a.m. on the 19th July 1932, Constable Chhaturi Rai of the Tollygunge Police Station was on duty on special patrol on Tollygunge Road to apprehend criminals. He noticed a man approaching from the opposite direction who suddenly turned back and then sat on the ledge of the premises at No. 22, Ballygunge Road. The constable went up to the man and ordered him to stand up and be searched. The man stood up and immediately drew out a sharp pointed housebreaking instrument from his clothes and stabbed the constable on the left side of his chest. The constable seized him and was again stabbed on his right side. His assailant then attempted to run away and actually got to a distance of a few paces when the constable felled him with his lathi; he then raised an alarm, at the same time holding the accused on the ground by his arms. Several neighbours came to his assistance, and the assailant was secured. The constable, who was bleeding profusely, became unconscious and was sent to hospital in an ambulance.

2. Ram Chandra Chaudhuri, Sub-Inspector of Police, Calcutta.—The services of this officer have been characterised by marked devotion to duty and exceptional personal courage especially in connection with the recovery of smuggled and stolen arms and ammunition. In the two following cases the Sub-Inspector succeeded in effecting the arrest of smugglers with arms and ammunition single-handed:—

(*i*) On the 20th July 1930, the Sub-Inspector went on board the S.S. *Bhutan* in disguise on receipt of information that two of the Quartermasters were trying to dispose of an automatic pistol and 100 cartridges. Posing as an intending purchaser, he was taken into the cabin of the two smugglers and the door was locked. When the pistol and cartridges were produced, the Sub-Inspector raised an alarm and closed with the two smugglers. After a desperate struggle the men were secured with the help of the chief officer of the ship and a customs officer. Both the Quartermasters were convicted.

(*ii*) On the 13th May 1932, Sub-Inspector Ram Chandra Chaudhuri with other officers and men of the Special Detective staff of the Port Police, went to the Kidderpore side to verify information that a smuggler was attempting to dispose of a revolver and a number of cartridges. The Sub-Inspector succeeded in getting himself introduced to this smuggler as an intending purchaser and was then taken a considerable distance into the interior of Alifnagar and Ramnagar bustees—areas notorious for bad characters and smugglers. The police party which was following was unable to keep in touch and eventually the Sub-Inspector was shown the revolver when isolated from all help and surrounded by potential enemies. He agreed to purchase the revolver and cartridges but expressed his unwillingness to take delivery in such surroundings and induced the smuggler to accompany him as far as some road where he could pick up a bus. As they were proceeding down Ramnagar lane towards Garden Reach road, the smuggler noticed a constable in uniform some distance away and refused to go any further. He was making off with the revolver when the Sub-Inspector grappled with him and after a hard struggle succeeded in securing him. The accused was convicted.

3. Sasanka Mohan Bhattacharji, Assistant Sub-Inspector of Police, Chittagong.—On the morning of 16th March 1931, while returning after a house search in a dacoity case, this officer—one of a small party of police—encountered two absconders in the Chittagong Armoury Raid case near the village of Barama. The absconders at once fled pursued by this officer. After a lengthy chase the absconders, who were armed with revolvers, turned and fired at their pursuer who was shot in the chest, and dropped. Being unable to continue to chase the Assistant Sub-Inspector, although badly wounded, called upon others to continue to chase. The armed absconders unfortunately made good their escape but the conduct of this officer showed an excellent example of fearless devotion to duty.

4. Ram Dayal Singh, Head Constable, Calcutta Police.—On the 15th May 1931, about noon, a durwan of a Marwari firm was carrying Rs. 12,000 when he was attacked on Strand Road by four robbers armed with daggers and lathis. The durwan was stabbed and the money snatched away and the culprits fled by different lanes up to Amratola Street where they separated. Two of them entered Armenian Street and ran along brandishing daggers. Head Constable Ram Dayal Singh who was on duty at Armenian Street saw the culprits and shouted to them to stop. One of them replied by striking the Head Constable with a lathi but the Head Constable endeavoured to catch hold of the other man when the latter stabbed him in the arm with a dagger. The Head Constable seized the man and struggled with him but the man managed to get out of his clutches and started to run off when the Head Constable struck him with his lathi and the man fell to the ground. The Head Constable then arrested him and brought him to the police-station.

5. Baleswar Missir, Constable, Dacca, 6. Alakh Ray, Constable, Dacca, and 7. Malu Mian, Constable, Dacca.—On the 7th September 1932, three revolutionaries, *viz.*, Bhupesh Chandra Banarji, Prosanta Kumar Sen Gupta and Adhir Ranjan Nag of Dacca City, attempted to escape after committing a highway robbery on Dacca Railway Station Road at the point of an automatic pistol and wounding one Nabi Hossen, a chaprasi of the Dacca Government Farm, with a bullet. Bhupesh dropped down having been wounded with a stone thrown at him by an outsider. Prosanta then took the pistol from him and continued the retreat with his accomplice, Adhir, firing at the pursuers. Constable Baleswar Missir on hearing the sounds of firing promptly rushed out of his Section House with a lathi in his hand and chased the assailants who fired two shots at him. Undaunted he continued the pursuit and succeeded in arresting Prosanta and recovering a part of the stolen property. Constables Alakh Ray and Malu Mian of the Dacca Police also joined in chasing the robbers who fired and hit Constable Malu on the right leg. The Constable continued the pursuit undeterred and eventually succeeded in arresting the other culprit.

8. Suruju Singh, Constable, Dacca and 9. Sahadeo Keot, Contable, Dacca.—On the 22nd August 1932, Mr. C. G. Grassby, Additional Superintendent of Police, District Intelligence Branch, Dacca, while returning to his quarters from office in his car, was shot at by one Benoy Bhusan Dey Ray who was armed with an automatic pistol. The assailant also threw a fully charged and dangerous bomb on to the foot-board of the car. Constables Suruju Singh and Sahadeo Keot, who were escorting Mr. Grassby, at once chased and arrested the assailant after wounding him with several shots fired from their revolvers.

10. W. H. T. Moorshead, offg. Inspector of Police, Chittagong.—Sergeant Moorshead was returning to Chittagong from Pahartali on the night of the 18th April 1930 at about 10-15 p.m. on his cycle when near the gate across the Pahartali road he heard five or six reports in quick succession from the direction of the A. F. I. armoury and immediately afterwards two more shots. He cycled along the road and noticed five or six khaki clad figures at the west end of the armoury building. At first he took them to be members of the Auxiliary Force as they were dressed in khaki and were inside the armoury compound. He mounted his cycle and went along the road to the main gate of the armoury compound, cycled through it, put his cycle up against the wall and from there walked towards the armoury. As he approached two figures dressed in khaki suddenly appeared on the verandah. One of them pointed a revolver and his companion pointed a rifle or musket at him. They shone a powerful electric torch on him and one of them shouted "Hands up." Moorshead did not comply, being still under the delusion that they were members of the Auxiliary Force, who were playing a rather crude practical joke on him. The command was repeated in a louder and more peremptory tone of order. He then raised his hands. After a pause of a few seconds one of the figures said "That is one of them—Shoot". He spoke in English but with an unmistakable Bengali accent. Realising then that they could not be members of the Auxiliary Force, Moorshead ducked, and ran back and simultaneously they both fired at him. As he

reached the main gate they again fired but again missed. Not stopping to pick up his cycle he ran along the road and met a car in which was Captain Carter, the master of a B. I. ship, and got into it. As Sergeant Moorshead drew near the Waterworks, he suddenly heard shouts of *Bande Mataram* and reports of several firearms from the direction of the Police lines guard room. Realising that an attack on the lines was also in progress and that it was useless to go there, he decided to drive on to Kotwali. As the car was being turned some shots were fired in their direction. On arrival at Kotwali police station about 10-45 p.m. he tried to telephone to the Superintendent of Police but found the line out of order and was told by the officer on duty that he had sent some men to the Telegraph Office. As Captain Carter had to get back to his ship, and as he knew that there was an armoury at Double Moorings, Moorshead decided to accompany him. On his way he told every constable he met to get back to the beat houses and remain on the alert. At Double Moorings, while Captain Carter went aboard his ship, Moorshead went and aroused Police Sergeant Kelly who lived in that quarter. He then went to Pahartali whence he obtained a rifle and ammunition and set out alone on foot across country for the police lines but when about half way there, hearing what he thought was machine gun fire at the A. F. I. armoury he made his way back there to discover that the noise was caused by ammunition exploding in the fire there.

Sergeant Moorshead was in grave danger throughout but his presence of mind did not desert him. He was able to put the town on the alert and made several plucky attempts to get into action against the revolutionaries.

11. Mono Ranjan Bhowmik, Constable, Tippera.—On the 2nd September 1932, at 4-30 p.m., Constable Mono Ranjan Bhowmik followed a terrorist absconder Ananta Kumar Dey, on suspicion at Charta, Comilla town. When the Constable questioned Ananta the latter gave different accounts of himself, and on this the Constable asked him to accompany him to Kotwali thana. Ananta at first went with him towards the thana, then suddenly ran away. At this the Constable ran after and ultimately captured Ananta in spite of the latter's attempt to shoot him with an automatic pistol which he had concealed on his person. Had the Constable hesitated a moment in grappling with the accused he would have been shot. The Constable sustained numerous abrasions in the course of the struggle to secure the accused.

12. Muhammad Basir Ali, Constable, Midnapore.—While acting as bodyguard of Mr. J. George, I.C.S., Constable Md. Basir was present at the District Board meeting in Midnapore on the 30th April 1932, when Mr. Douglas was shot. The Constable displayed considerable courage and initiative in pursuing the armed assailants and succeeded in capturing one of them who had temporarily taken shelter in a hut and later attempted to escape into some adjacent jungle.

13. Julius Vyvian Brees Janvrin, Deputy Commissioner of Police.—One Khem Singh, a Sikh money-lender, who was deported from Hongkong, was permitted to reside in Calcutta on condition that he should report himself periodically to the Port Police Officer and would assist the Police when opportunity arose. In January 1932, Khem Singh informed the Port Police that he was in touch with a Chinese arms smuggler and arrangements were made that the arms should be delivered in the Chinese quarters the same evening. Mr. Janvrin accompanied by an Inspector disguised himself as an out-of-work mechanic and proceeded to the rendezvous in the heart of Chinese quarters and witnessed a meeting of Khem Singh with the Chinamen. A box containing 50 rounds of ammunition was produced and the production of the revolver was about to materialise when two patrol constables in uniform appeared and the deal fell through. A further rendezvous was arranged at 9 o'clock that night at the Chungwah restaurant in China Town, and Mr. Janvrin again proceeded to the rendezvous but once again accidental circumstances interfered with the negotiations. The next day a further meeting was arranged in Haberly Lane in the same locality, and the vicinity was again reconnoitered by Mr. Janvrin who located the conspirators in a taxi in Bowbazar Street. The taxi drove off and Mr. Janvrin followed but the unexpected stoppage of the taxi compelled him to carry on and turn round further down the road and proceed back. In the meantime the principal smuggler who had left the taxi returned to it just as Mr. Janvrin drew level with the taxi, the intermediary who was an Assistant Sub-Inspector in plain clothes blew his whistle and Mr. Janvrin leaped out of his car and jumped into the taxi on the top of the party and seized from the Chinaman a revolver and a box containing 48 cartridges. Mr. Janvrin also arrested the second participator in the transaction who was in the taxi at the same time. The accused were convicted.

In this case not only did Mr. Janvrin pursue his investigations in the face of many disappointments over a considerable period but he personally led the operations which eventually resulted in running the two arms smugglers to earth, and conducted these operations with skill and circumspection. The actual arrest of the two Chinamen including a man who was carrying the revolver, was an act of personal gallantry and throughout the whole transaction Mr. Janvrin displayed qualities of initiative, leadership and courage which have set a valuable example to the officers and men working under him.

14. Khan Sahib Muhammad Ismail, Assistant Commissioner of Police.—On the 9th July 1932, Khan Sahib Muhammad Ismail was on his evening rounds in south suburbs when he came across two parties of Sikhs armed with iron rods, swords, and kirpans, on Russa Road; one party had descended from a double decker motor bus and the other had emerged from one of the side lanes and started a vigorous riot in the public thoroughfare due to an old grudge between the parties. The Khan Sahib drove up in his motor car in the middle of the row and got between the parties and drew his revolver and proceeded to arrest three men of the first party at the point of his revolver. He then secured them and made them over to a guard constable for safe custody. The Khan Sahib then proceeded to chase the other party who had retreated in a defiant attitude to the head

of the lane and succeeded in arresting two more of them after a hot chase. These men were eventually brought in custody to the police-station.

The area in which this incident took place is a locality largely inhabited by low class Sikhs and has on many occasions been the scene of grave trouble. The Khan Sahib was entirely alone except for the guard constable who was in his car and displayed conspicuous gallantry on this occasion.

15. Arthur Frank Kinchin, Sergeant, Calcutta.—On the 15th April 1930, Sergeant Kinchin was one of the party operating under the Commissioner of Police in the Bhawanipore area where rioting of a grave nature was taking place and mobs, principally composed of Sikhs, were engaged in burning tram cars and assaulting passers-by. Sergeant Kinchin with another Sergeant was engaged under the orders of the Commissioner of Police in dispersing a number of Sikhs who were brick-batting the police. The two officers chased a party of Sikhs in a narrow lane between two houses. The brick-batting was so heavy that the two Sergeants found themselves left alone with a party of Sikhs at the other end whom they had persisted in following up and engaging after being hit several times with bricks. Sergeant Kinchin was beaten to the ground by five or six Sikhs with lathis and his rescue was effected by Sergeant Burr. Sergeant Kinchin displayed considerable bravery on this occasion.

He also rendered valuable services in connection with the arrest of absconders in Chittagong Armoury Raid, and was one of a party of Police officers who raided a house in Chandernagore and effected the arrest of three notorious armed absconders after a battle in which a fourth absconder was killed.

In March 1930, Sergeant Kinchin rescued an old injured woman from a house which had collapsed.

16. Prokash Chandra Bose, Inspector of Police, Faridpur.—On the 16th March 1932, a large mob set out to loot some fisherman's house in furtherance of a local dispute. Inspector Prokash Chandra Bose, along with others, hastened to the spot and was successful in interposing his small force between the two parties. Having successfully protected the fisherman for the time being, it was essential to drive away the opposing mob. Brickbats and clods of earth were rained upon the police —the Inspector himself being struck. With considerable courage the Inspector and his party slowly drove the mob before them, but unfortunately one Sub-Inspector who became detached from his party, was surrounded by the mob and was in danger of being beaten to death. The Inspector thereupon ordered fire to be opened. The firing was controlled and limited to 5 shots.

17. Gholam Muhammad, Sub-Inspector of Police, Tippera, and 18. Hem Narain Singh, Head Constable, Tippera.—On the 13th February 1932, about 1,000 people proceeded in an unlawful procession near Hashnabad bazar. Sub-Inspector Gholam Muhammad warned the people to disperse but instead of doing so they attacked the police force with brickbats and lathis. The armed police in charge of Head Constable Hem Narain Singh opened fire under orders of the Sub-Inspector as a result of which 3 men died and several others received gun shot wounds. Two of the injured persons subsequently died. The police party effected a withdrawal to a neighbouring house for the night where they stood their ground until the attackers ultimately withdrew. Had the party not pluckily stood its ground the whole district would have been affected by widespread agrarian disturbances. The Sub-Inspector had little hope of further reinforcements reaching him in time to prevent disaster had he not dealt with the situation effectively.

19. Badiajama, Constable, Bakarganj.—On the 1st September 1932, while this constable went to arrest absconder Ainuddi, concerned in a dacoity case, he was attacked by the absconder and his wife. They dealt him severe blows with a sharp weapon and caused serious injuries. The constable bravely fought with the absconder even after being injured and tried to secure his arrest until he was overpowered and exhausted from the effects of the injuries received.

20. Amanath Khan, Constable. Tippera.—At 4-30 a.m. on 25th March 1932, as a train was leaving Comilla Railway Station, the Guard attempted to jump up into the guard's van but missed his footing and fell. As he slipped his coat caught in the door-handle which caused him to be dragged along the ground with imminent danger of being dragged under the wheels of the train. Constable Amanath Khan with commendable promptness immediately rushed forward and managed to free the Guard at great risk to himself. Had the Constable not acted promptly the Guard would certainly have been killed and in effecting his release he incurred the danger of being pulled under the wheels as well. The Guard was severely injured and the Constable rendered first aid.

(*2*) The Commissioners at a meeting may, either wholly or partially, exempt from the rate on holdings any holding which is used exclusively for purposes of public charity.

The Bengal Municipal Act, 1932.

(*Chapter V.—Municipal Taxation.—Section 125.*)

(*3*) Where the aggregate annual value of all the holdings held by any one owner within a municipality does not exceed six rupees, the rate on holdings shall not be imposed on any of the holdings of the said owner.

(*4*) The Local Government may, on the recommendation of the Commissioners, at any time, include in, or exclude from, Schedule V the name of any municipality.

Restrictions on the imposition of the water and lighting rates.

125. (*1*) The imposition of a water-rate or of a lighting-rate shall be subject to the following restrictions, namely,—

(*a*) that the rate shall be imposed only on holdings within an area for the supply of water to which, or for the lighting of which, as the case may be, a scheme involving the laying of pipes, wires, cables or other similar apparatus has been sanctioned by the Local Government :

Provided that where the Commissioners—

(*i*) distribute water by means of water-carts or other like agency or provide a water-supply, approved by the Local Government, by means of wells or tanks or other reservoirs, or

(*3*) With the sanction of the Commissioners at a meeting the amount of the water-rate may vary with the distance of holdings from the nearest standpipe or other sources of water-supply, and the amount may be higher in the case of premises to which communication pipes are attached than in the case of other premises.

The Bengal Municipal Act, 1932.

(Chapter V.—Municipal Taxation.—Sections 126—128.)

Restrictions on the imposition of the conservancy-rate.

126. (*1*) The imposition of the conservancy-rate shall be subject to the following restrictions, namely,—

(*a*) that where there is no underground sewerage system the rate on any jail, reformatory or lunatic asylum in which an establishment is maintained for the cleansing of latrines, urinals and cesspools therein shall not exceed such proportion of the rate in force for the municipality as the Local Government may fix ;

(*b*) that the rate shall not be leviable in any area until the Commissioners have made provision for the cleansing of private latrines, urinals, and cesspools within such area ;

(*c*) that the rate shall not be levied at more than seven *per centum* on the annual value of any holding.

(*2*) The Commissioners at a meeting at their discretion may compound for any period not exceeding one year with the person liable to pay the rate on any railway premises or on any premises used as a mill, factory, dockyard, workshop, *cooly*-depôt, school, hospital, market, court-house or other similar place for a certain sum to be paid by such person in lieu of the rate or, in the case of such premises or places, may in lieu of levying the rate on the annual value of the holding levy it at a certain amount per head, to be fixed by the Commissioners at a meeting, on the number of persons living within or habitually resorting to such premises or places.

(*3*) Notwithstanding anything contained in this section, any person otherwise liable to pay the rate on any railway premises or on any premises used as a mill, factory, dockyard, workshop, *cooly*-depôt, school, hospital, market, court-house or other similar place may, from year to year by application to the Commissioners, require that the rate shall be levied on such premises at a percentage not exceeding one-fourth of the percentage fixed under sub-section (*1*), provided that he proves to the satisfaction of the Commissioners that all latrines and urinals on such premises are served, cleansed and kept in a satisfactory condition by an establishment maintained at his own cost, and that the sewage therefrom undergoes such treatment at his cost, by means of septic tanks or other similar works constructed to the satisfaction of the Commissioners, as to render the effluent innocuous and inoffensive and capable of being discharged into the municipal drains, and the Commissioners shall levy such rate accordingly .

Provided that the exemption from paying the full rate conferred under this sub-section shall terminate in the event of the Commissioners providing an underground sewerage system which is, in the opinion of the Local Government, of sufficient capacity and in every respect adequate for the efficient treatment and disposal of all sewage in the area served by it.

Power to call for list of occupants of holdings.

127. The Commissioners may, for the purposes of conservancy, or for the levy of the conservancy-rate, by a notice in writing, require the owner or occupier of any holding to furnish, within a time to be specified in the notice, a true and correct list of the number of persons living within, or habitually resorting to, such holding.

Assessment of rates on the annual value of holdings.

Annual value of holdings.

128. (*1*) The annual value of a holding shall be deemed to be the gross annual rental at which the holding may reasonably be expected to let.

(*2*) If such gross annual rental cannot, in the opinion of the assessor, be easily estimated or ascertained, the annual value of such holding shall be deemed to be an amount which

The Bengal Municipal Act, 1932.

(Chapter V.—Municipal Taxation.—Sections 129—130.)

may be equal to, but may not exceed, seven-and-half *per centum* on the value of the building or buildings on such holding at the time of such assessment *plus* a reasonable ground rent for the land comprised in the holding :

Provided that, where the value so ascertained exceeds one *lakh* of rupees, the percentage on the annual value to be levied in respect of so much of the value as is in excess of one *lakh* of rupees shall not exceed one-fourth of the percentage determined by the Commissioners under section 135.

(*3*) The value of any machinery or furniture which may be on a holding shall not be taken into consideration in estimating the annual value of such holding under this section.

Power of Commissioners to decide questions arising out of the definition of "holding."

129. For the purpose of, and subject to, clause (*21*) of section 3—

(*a*) if a question arises whether any land is included within one holding, the decision thereof shall rest with the Commissioners at a meeting ;

(*b*) the Commissioners at a meeting shall determine what class of ownership shall be accepted as the test for determining whether lands within a municipality are held under one title or agreement.

Assessment in case of land or building subdivided into separate shares.

130. If, during the currency of any period prescribed by sub-section (*1*) of section 137, the ownership of any land or building, or portion thereof is subdivided into separate shares, the Commissioners may, on the application of any of the co-owners, after giving the other co-owners an opportunity to be heard, divide the assessment of such land, building or portion in the following manner, namely :—

(*i*) if the ownership be subdivided into two or more shares without separate allotments, or if as the result of such subdivision there is a separate allotment of such land, building or portion into two or more separate portions, which are not entirely independent, the Commissioners may, if they think fit, apportion the assessment among the shareholders according to the value of their respective shares without assigning any separate number ;

(*ii*) if, as the result of such subdivision, there are separate allotments of such land, building or portion and, if such allotments are made entirely independent and capable of separate enjoyment but not in conformity with the provisions of this Act or of any rules or by-laws made thereunder relating to buildings, the Commissioners may, if they think fit, assess such portions separately after assigning to them separate numbers :

Provided that by such separate assessment the total assessment for the entire premises shall not be increased ;

(*iii*) if such separated portions of such land, building or portion are, or are made, entirely independent and capable of separate enjoyment in conformity with the provisions of this Act or of any rules or by-laws made thereunder, relating to buildings, the Commissioners shall assess each portion separately by assigning a separate number thereto :

Provided that by such separate assessment the total assessment for the entire premises shall not be increased :

Provided also that such apportionment or separation of the numbers and assessment, as the case may be, shall remain in force and the rate shall be levied accordingly until the expiration of the said period.

The Bengal Municipal Act, 1932.

(Chapter V.—Municipal Taxation.—Sections 131—136.)

Assessment in case of land or building being amalgamated.

131. If any land or building, bearing two or more municipal numbers, or portions thereof, be amalgamated into one or more new premises, the Commissioners shall assess them on amalgamation after assigning to them one or more numbers, as the case may be :

Provided that no assessment on amalgamation of premises shall be made by the Commissioners unless there is a cause for the revaluation of any such premises except on an application being made to them by the owner or owners thereof, in which case such assessment, if made, shall remain in force for the unexpired period of valuation :

Provided also that the total assessment on amalgamation shall not be greater than the sum of the previous assessments of the several premises amalgamated.

Taxes by whom payable.

132. Except as otherwise provided by this Act, any rate which is assessed on the annual value of a holding shall be payable by the owner of the holding.

Preparation of valuation list.

133. When it has been decided to impose any rate to be assessed on the annual value of holdings, the assessor, after making such inquiries as may be necessary, shall determine the annual value of all holdings within the municipality in the manner provided in this chapter, and shall enter such value in a valuation list.

Returns required for ascertaining annual value.

134. The assessor, in order to prepare the valuation list, may, whenever he thinks fit, by notice require the owners or occupiers of all holdings to furnish him within one week with true and correct returns of the rent or annual value thereof and a true and correct description of the holdings containing such particulars as the assessor may direct, and the assessor, or any person authorized by him in writing in that behalf, may enter, inspect and measure any such holding at any time between sunrise and sunset :

Provided that at least twenty-four hours' previous notice of the intention to enter, inspect and measure any holding shall be given to the occupier thereof, unless he waives his right to such notice.

Determination of percentage of rate on holdings.

135. Subject to the provisions of this Act, the Commissioners, at a meeting to be held before the close of the year next preceding the year to which the rate will apply, shall determine the percentage on the valuation of holdings at which any rate on the annual value of holdings shall be levied, and the percentage so fixed shall remain in force until the Commissioners at a meeting shall determine some other percentage on the valuation of holdings at which the rate will be levied from the beginning of the next year :

Provided that, when this Act is first extended to any place, the first rate or rates shall be levied from the beginning of the quarter next after that in which the percentage has been fixed by the Commissioners at a meeting :

Provided further that, where the amount standing to the credit of the Commissioners in the Municipal Fund in any municipality is, in the opinion of the Local Government, insufficient to meet the liabilities of the Commissioners, no decrease shall be made in the percentage of any rate levied by them without the previous sanction of the Local Government.

Preparation of assessment list

136. As soon as possible after the percentage at which the rate or rates shall be levied for the next year has been determined under section 135, the Commissioners shall cause to be prepared by the assessor an assessment list, which shall contain the following particulars and any others which the Commissioners may think proper to include :—

(*a*) the name of the street in which the holding is situated ;
(*b*) the number of the holding on the register ;
(*c*) a description of the holding ;

137. (*1*) A new valuation and assessment list shall unless otherwise ordered by the Local Government be prepared, in the same manner as the original lists, once in every five years.

(*2*) Subject to any alteration or amendment made under section 138 and to the result of any application under section 148 every valuation and assessment entered in a valuation or assessment list shall be valid from the date on which the list takes effect in the municipality and until the first day of April next following the preparation of a new list.

Amendment and alteration of list.

138. (*1*) The Commissioners at a meeting may, at any time, direct alteration or amendment of the assessment list—

(*a*) by entering therein the name of any person or any property which in their opinion ought to have been entered, or any property which has become liable to taxation after the authentication of the assessment list under section 147 ; or

(*b*) by substituting therein for the name of the owner or occupier of any holding the name of any other person who has succeeded by transfer or otherwise to the ownership or occupation of the holding ; or

(*c*) by altering the valuation of or assessment on any holding which in their opinion has been incorrectly valued or assessed ; or

(*d*) by re-valuing or re-assessing any holding, the value of which has been increased by additions or alterations to buildings ; or

(*e*) where the percentage on the annual value at which any rate is to be levied has been altered by the Commissioners under the provisions of section 135, by making a corresponding alteration in the amount of rate payable in each case ; or

(*f*) by reducing, upon the application of the owner or occupier, the valuation of any holding which has been wholly or partly demolished or destroyed, or the value of which has been diminished from any cause beyond the control of the owner or occupier, the operation of which could not have been prevented with due precaution ; or

(*g*) by correcting any clerical or arithmetical error.

(*2*) The Commissioners shall give at least one month's notice to any person interested of any alteration which the Commissioners propose to make under clauses (*a*), (*b*), (*c*) or (*d*) of sub-section (*1*) and of the date on which the alteration will be made.

(*3*) The provisions of sections 148 to 151 applicable to objections shall, so far as may be, apply to any objection made in pursuance of a notice issued under sub-section (*2*) and to any application made under clause (*f*) of sub-section (*1*).

(*4*) Every alteration made under sub-section (*1*) shall be signed by the Chairman or Vice-Chairman and subject to the result of an application under section 148, shall take effect from the beginning of the quarter next following that in which the alteration was made, but the Commissioners by such alteration shall not be deemed to have made a new or revised assessment list.

The Bengal Municipal Act, 1932.

(*Chapter V.—Municipal Taxation.—Sections 139—142.*)

Conclusiveness of entries in list.

139. An entry in an assessment list shall be conclusive proof—

(*a*) for any purpose connected with a rate or rates to which the list refers, of the amount leviable in respect of any holding during the period to which the list relates, and

(*b*) for the purpose of assessing any other municipal rate, of the annual value of any holding during the said period.

Power to assess buildings and lands together where land is let on a building lease.

140. (*1*) If any house belongs to one owner and the land on which it stands as also the adjacent land if any, usually occupied therewith, belongs to another, the Commissioners may treat such house and land as a single holding and assess them to rates accordingly.

(*2*) The total amount of the rate or rates shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land such proportion of the rate or rates so paid by him as is equal to the proportion which such rent bears to the annual value of the holding.

(*3*) In case of dispute the Commissioners shall determine what amount the owners of the house and of the land shall pay respectively.

Power to reduce rates in cases of excessive hardship.

141. Whenever, from the circumstances of the case, the levy of a rate or rates on any holding in the municipality would be productive of excessive hardship to the person liable to pay the same, the Commissioners at a meeting may reduce the amount payable on account of such holding, or may remit the same :

Provided that such reduction or remission shall not, unless renewed by the Commissioners at a meeting, have effect for more than one year.

Remission or refund on account of vacant holdings.

142. (*1*) When any holding has been unoccupied and unproductive of rent for sixty or more consecutive days the Commissioners shall remit, and if the rate or rates have been paid, shall refund three-quarters of the amount due on account of such period :

Provided that—

(*i*) the person liable to pay the rate or rates or his agent has given to the Commissioners notice in writing of the vacancy and that the application for remission or refund is made within six months from the date on which such notice is delivered at the office of the Commissioners ; and

(*ii*) the amount of rate or rates to be remitted or refunded shall not be calculated from any date prior to the date of the delivery of such notice.

(*2*) When any such holding as aforesaid consists of separate tenements, one or more of which has, or have been unoccupied and unproductive of rent for any period of not less than sixty consecutive days, the Commissioners may, subject to the proviso to sub-section (*1*), remit such portion (if any) of the rate or rates, not exceeding three-fourths, as they may think equitable.

The Bengal Municipal Act, 1932.

(Chapter V.—Municipal Taxation.—Sections 143—145.)

(*4*) For the purposes of this section—

(*i*) neither the presence of a caretaker nor the mere storing in one room of an otherwise unoccupied dwelling-house of the furniture habitually used in it shall constitute occupation of the house, unless such house is maintained as a pleasure resort or as a temporary place of residence for a person ordinarily residing elsewhere, and

(*ii*) a house shall be deemed productive of rent if let to a tenant who has a continuing right of occupation thereof, whether it is actually occupied by such tenant or not.

Owner to give notice of re-occupation.

143. Every person who is the owner of any holding for which a remission or refund of the rate or rates has been made under section 142, shall give notice of the re-occupation of such holding within ten days of such re-occupation.

Notice to be given to the Chairman of all transfers of title of persons primarily liable to payment of rates.

144. (*1*) Whenever the title to or over any land or building of any person primarily liable for the payment of rates on such property is transferred, both the transferor and the transferee shall, within three months of the registration of the deed of transfer, if it be registered, or if it be not registered, within three months of its execution, or, if no instrument be executed, within three months of the actual transfer, give notice in writing of such transfer to the Chairman.

(*2*) Every person primarily liable for the payment of rates on any land or building, who transfers his title to or over such property, without giving notice of such transfer to the Chairman, as aforesaid, shall, unless the Commissioners, on grounds of hardship arising out of special circumstances, otherwise direct, in addition to any other liability which he incurs through such neglect, continue liable for the payment of all such rates from time to time payable in respect of the said property until he gives such notice, or until the transfer shall have been recorded in the municipal books.

(*3*) Nothing in this section shall be held to diminish the liability of the transferee for the said rates or to affect the prior claim of the Commissioners for the recovery of the rates due thereupon and the Commissioners may revise the assessment list as against the transferee with effect from the date on which they are satisfied that the transfer was made.

General provisions relating to assessment.

Appointment of assessors of municipal rates.

145. (*1*) The Local Government shall prepare a list of persons qualified in its opinion to be appointed as municipal assessors.

(*2*) When a new valuation and assessment list is to be prepared for any municipality the Commissioners at a meeting shall appoint from the list referred to in sub-section (*1*) a person conversant with local conditions as an assessor for the purposes of this chapter, on such salary and with such establishment as may be fixed by them with the approval of the Local Government.

(*2*) If there is no person for the time being available for appointment as assessor from among the persons included in the list referred to in sub-section (*1*) of section 145, the Commissioners at a meeting, or in case of default by the Commissioners, the Local Government, may appoint any person approved by the Local Government on such salary, for such period, and with such establishment as the Commissioners with the approval of the Local Government, or the Local Government in the case of default, may determine.

(*3*) An assessor appointed by the Local Government under this section shall be paid monthly out of the Municipal Fund such salary and cost of establishment as may be fixed by the Local Government.

Publication of notice of assessments.

147. (*1*) When the assessment list mentioned in section 136 has been prepared or revised, the Chairman shall sign the same, and shall cause it to be deposited in the office of the Commissioners, and shall give public notice of the place where the list may be inspected.

(*2*) In all cases in which any property is for the first time assessed or the assessment is increased, the Chairman shall also give notice thereof to the owner or occupier of the property, if known.

Application for review.

148. (*1*) Any person who is dissatisfied with the amount assessed upon him or with the valuation or assessment of any holding, or who disputes his occupation of any holding, or his liability to be assessed, may apply to the Commissioners to review the amount of assessment or valuation or to exempt him from the assessment of rate.

(*2*) No such application shall be received after one month from the date of publication of the notice required under sub-section (*1*) of section 147, or the service of the notice required under sub-section (*2*) of that section or after the expiration of one month from the date of service of the first notice of demand for payment at the rate in respect of which the application is made, whichever period shall last expire.

(*2*) The committee shall give notice to the applicant of the time and place at which his application will be heard, and after taking such evidence and making such inquiry as it may deem necessary, in the presence of the objector or his agent if he appears, pass such orders as it thinks fit in respect of the application.

(*3*) The decision of the committee, or of a majority of the members thereof in such cases, shall be final.

Sanitary measures with regard to bustees.

Power of Commissioners as to inspection of huts.

336. (*1*) If it appears to the Commissioners at a meeting that the condition of any *bustee* is insanitary or attended with risk of disease to the inhabitants of the neighbourhood, by reason of the manner in which the huts are constructed or crowded together, or of want of drainage, the impracticability of scavenging or for any other reason, they may after giving notice to the owners of the *bustee* cause the locality to be inspected by two persons appointed in this behalf, one of whom shall be registered medical practitioner or a person holding the diploma of Public Health and the other an engineer.

(*Chapter X.—Bustees.—Sections 337—340.*)

Power to serve notice.

337. On receipt of the said report, the Commissioners at a meeting after hearing the objections (if any) of the owners of the *bustee* in respect of which the report has been made may approve the plan and schedule after making such modifications (if any) therein as they may think fit and may require the said owners or the owners or occupiers of the huts referred to in sub-clause (*i*) of clause (*c*) of sub-section (*2*) of section 336, or both of the owners of the *bustee* and the owners and occupiers of the huts, to carry out and execute, within a time to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid schedule or any portion thereof, respectively.

Payment of expense incurred in carrying out improvements.

338. When any improvements required by a notice under section 337 are carried out by the Commissioners under the provisions of this Act, all expenses incurred thereby, including such reasonable compensation as the Commissioners at a meeting may think fit to pay the owners or occupiers of huts removed, shall be paid by the owners of the *bustee*, to the Commissioners, and shall constitute a charge upon such *bustee* :

Provided that, notwithstanding anything contained elsewhere in this Act, if it appears to the Commissioners at a meeting that any such owner is unable, by reason of poverty to pay such expenses, or any portion thereof, in the case of expenses relating to work, which should in the opinion of the Commissioners have been done by the owners or occupiers of huts within the *bustee*, they may order the same or any portion thereof to be paid out of the Municipal Fund, and in the case of expenses, which should be paid by the owner of the *bustee*, they may order the same or any portion thereof to be advanced out of the Municipal Fund, but thereafter to constitute a charge upon such *bustee*.

(*a*) cause the materials of such hut or portion of a hut to be given to the owner of the hut, if such owner elects to take them, or

(*b*) If the owner does not elect to take the materials, or if the owner be unknown or the title to the hut be disputed, cause such materials to be sold, and hold in deposit the proceeds of the sale, together with any sum awarded as compensation under section 338.

(*2*) Any amount held in deposit under clause (*b*) of sub-section (*1*) shall be so held by the Commissioners until any person obtains an order from a competent Court for the payment to him of such amount.

Power to purchase or acquire masonry buildings or lands in *bustee*.

340. (*1*) Any masonry building in a *bustee*, and any land appertaining to such building which it may be necessary to purchase or acquire for the purpose of making the streets or of passages, or of effecting any of the improvements specified in the schedule referred to in section 336, shall be shown in the standard plan referred in that section, and the Commissioners may at any time after the receipt of the report made under that section, purchase or acquire—

(*b*) any land appertaining to such building, or

(*c*) any such building, together with the land appertaining thereto or any portion thereof,

which is mentioned in that behalf in the schedule.

(*2*) Save as is provided in this section none of the powers conferred under the provisions of this chapter shall be exercised in respect of any building or land referred to in clauses (*a*), (*b*) or (*c*) of sub-section (*1*), but the fact that a masonry building is situated in a *bustee* shall not prevent action being taken with reference to such *bustee* under the provisions of this chapter.

Streets and passages shown in standard plan, if not public streets to remain private.

341. (*1*) Every street or passage in a *bustee* which is shown in a standard plan approved under this chapter for that *bustee* and which is not already a public street shall, unless the Commissioners and the owners of the land on which such street or passage is situated otherwise consent as provided in section 229, be deemed to be a private street; and the portion thereof which falls on the land of each owner shall belong to such owner:

Provided that any portion of any such street or passage which is situated on land purchased or acquired by the Commissioners under section 340 shall remain the property of the Commissioners.

(*2*) Every such private street shall, at all times, be kept open for scavenging purposes and for all other purposes of this Act in such manner as the Commissioners may require, and shall also be kept open for the use of all the tenants of the *bustee*:

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908, no use of any such street shall, by reason of any lapse of time, be held to confer a right-of-way on the public so as to bring the street within the definition of a public street. IX of 1908.

Bathing arrangements and privy accommodation in *bustee*, as shown in standard plan, to be kept open for use for tenants.

342. The bathing arrangements and privy accommodation in a *bustee*, which are shown in the standard plan approved under this chapter for such *bustee* as being common to the use of all or some of the tenants of the *bustee*, shall at all times be kept available for the use of such tenants:

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908, if at any time the land on which any such bathing arrangements or privy accommodation are provided ceases to form part of such *bustee*, no such use shall, by reason of any lapse of time, be held to confer any right on any person so as prejudicially to affect the rights of the owner of such land.

Owner of land in *bustee* to maintain certain conveniences on his land.

343. (*1*) The owner of any land in a *bustee* for which a standard plan has been approved under this chapter shall maintain in proper order and repair, to the satisfaction of the Commissioners, such streets, passages, drains, common bathing arrangements, common privy accommodation, means of lighting, means of water-supply and other works on such land as may be shown in the plan.

(*2*) The Commissioners may, at any time, cause a written notice to be served upon such owner requiring him so to maintain such streets, passages, drains, common bathing arrangements, common privy accommodation, means of lighting, means of water-supply and other works:

Provided that any convenience made by the owner of a hut for his own use shall, subject to such notice as aforesaid, be maintained by him, and not by the owner of the *bustee*.

Power to owner to take land out of the category of *bustee* in certain cases.

344. (*1*) The owner of any land included in a *bustee* and forming a separate holding may, at any time, whether or not a standard plan has been prepared for the *bustee*, notify the Commissioners in writing that he intends to remove all the huts standing on such land.

(*2*) The receipt of any such notice shall not debar the Commissioners from approving a standard plan of such *bustee*.

(*3*) From the date of such notice no application shall be entertained for erecting on such land any hut or adding to any hut standing thereon.

(*4*) Such owner shall, within six months after the date of such notice, or within such further time as the Commissioners at a meeting may from time to time allow, remove all huts standing on such land ; and if he does not do so, the notice shall be deemed to be cancelled.

(*5*) When all such huts have been so removed, such land shall according to its situation either—

(*i*) be altogether excluded from the limits of the *bustee*, or

(*ii*) be shown, in a standard plan approved for the *bustee* under this chapter, as not being a part of such *bustee* :

Provided that if, in the standard plan, any street or passage is shown on such land, the provisions of sections 341 and 343 shall, with all necessary modifications, be deemed to apply to such street or passage, unless the Commissioners at a meeting otherwise direct.

(*6*) If after all the huts have been removed under sub-section (*4*) any application is received for erecting any hut on such land, the Commissioners may, by written notice, require the owner of the land to carry out such improvements included in the standard plan as they may think fit.

(*7*) When all the huts standing on any land within a *bustee* have been removed under sub-section (*4*), the Commissioners at a meeting may either—

(*a*) cancel the standard plan (if any) already approved, under this chapter, for such *bustee*, or

(*b*) modify such plan, after hearing the objections (if any) of any owner of land included in such *bustee*.

(*8*) When any land, formerly included in a *bustee*, ceases to be so included, and where any street or passage was shown on such land in the standard plan, and where, on such land ceasing to be so included, the Commissioners at a meeting do not consider it to be practicable, or do not consider it to be expedient to change the alignment of such street they shall, in applying the proviso to sub-section (*5*) to such street, compensate the owner of such land for any area that is included in such street, which is in excess of one-seventh of the entire area of the land, which ceases to be included in the *bustee*.

Power to Commissioners to prescribe alignments for *bustee* streets.

345. (*1*) In any *bustee*, in respect of which a standard plan has not been prepared, or in any area in which it appears to the Commissioners that huts are likely to be erected, the Commissioners at a meeting may, after hearing the objections, if any, of any owner of land in such *bustee*, prescribe alignments, not more than sixteen feet in width, for such private streets as they may think fit.

(*2*) When the land within such *bustee* or area is owned by more owners than one, each owning one or more separate plots of such land, such alignments shall as far as practicable be so prescribed as not to occupy, within any such plot, more than one-fifth of the area thereof, and shall not ordinarily be less than two hundred and fifty feet apart.

(*3*) If, in any such plot, more than one-fifth of the area thereof is occupied by such alignments, the Commissioners shall pay reasonable compensation to the owner of the plot :

Provided that no such compensation shall be paid in respect of any such plot as long as any hut or other structure other than a masonry building is left standing in the plot within any such alignment.

The Bengal Municipal Act, 1932.

(Chapter X.—Bustees—Sections 346, 347.)

(*4*) No hut or portion of a hut shall be erected within any alignment prescribed under sub-section (*1*).

(*5*) The provisions of section 341 shall, with all necessary modifications, be deemed to apply to every street, the alignment for which has been prescribed under this section.

Power to Commissioners to require removal of existing huts within street or hut alignment in *bustee*.

346. (*1*) In any *bustee*, at any time after the expiration of seven years from the time when any alignment has been prescribed for a street or for huts under section 345, the Commissioners at a meeting may, by written notice, require the owner of the land or the owners or occupiers of existing huts to remove such huts or portions thereof as fall—

(*i*) within any such prescribed street alignment, or

(*ii*) within six feet on either side of any such prescribed hut alignment,

as the case may be.

(*2*) When a hut has been removed under the provisions of sub-section (*1*), the Commissioners at a meeting shall pay to the owner thereof such compensation as they may consider to be reasonable, but such compensation shall in no case exceed the value of the hut less the value of the materials thereof.

Power to Commissioners to require space to be kept between masonry building in *bustee* and centre line of *bustee* street.

347. Any person who erects a masonry building—

(*a*) in any *bustee* in respect of which a standard plan has been approved under section 337, or

(*b*) in any *bustee* or area in respect of which alignments for streets have been prescribed under section 345,

shall, if so required by written notice issued by the Commissioners at a meeting, leave a clear space of fifteen feet between the centre line of any street or passage shown in such plan, or of any street, the alignment for which has been so prescribed, as the case may be, and the nearest part of such building.

The Bengal Municipal Act, 1932.

(*a*) for the supply of water for drinking or for culinary purposes or for both, or

(*b*) for the purpose of bathing, or

(*c*) for washing animals or clothes, or

(*d*) for any other purpose connected with the health, cleanliness or comfort of the inhabitants,

and may by like order prohibit bathing or the washing of animals or clothes or other things at any public place not set apart for that purpose, or at any time or by a sex other than that specified in the order and may in like manner prohibit any other act by which water in public places may be rendered foul or unfit for use or which causes or is likely to cause inconvenience or annoyance to persons lawfully using such places.

Power to require cleansing of sources of water for drinking or culinary purposes.

349. The Commissioners may, by notice, require the owner of, or the person having control over, a private tank, well, spring or water-course or other place, the water of which is used for drinking or culinary purposes, to clean the same from time to time of silt, refuse or decaying vegetation, and may also require him to protect the same from pollution in such manner as to the Commissioners may seem fit, and in the case of a well to repair the same.

Power to prohibit use of polluted water for drinking or culinary purposes.

350. If the Commissioners at a meeting after due inquiry are satisfied that the water of any tank, well, spring or water-course, or part thereof or other place, used or likely to be used for drinking or culinary purposes, is, if so used, liable to engender or cause the spread of disease, and that owing to its situation or other cause such place cannot effectively be protected from pollution, or if the owner of, or person having control over, any such place refuses or neglects to comply with a requisition of the Commissioners under section 349, the Commissioners may—

(*a*) by public notice prohibit the use or removal of water from such place for drinking or culinary purposes during a period to be specified in the notice and take such steps as they may consider necessary to prevent the use or removal of water for such purposes, or

(*b*) in the case of a private well, require the owner of, or person having control over it to close it permanently or to fill it up with suitable material.

Power to inspect and disinfect sources of water used for drinking or culinary purposes.

351. The Commissioners or any person authorized by them in this behalf may, at all reasonable times, inspect and disinfect any tank, well, spring or water-course or other place from which water is, or is likely to be taken for drinking or culinary purposes.

Analysis of water for drinking or culinary purposes.

352. (*1*) The Local Government may make rules to provide for the proper analysis of the water of any water-works, tank, well, spring or water-course or other place, used or likely to be used for drinking or culinary purposes in any municipality and in particular may—

(*a*) require the Commissioners to make over at such times and places and to such person or persons as the Director of Public Health may appoint

in this behalf, samples of water taken under such precautions and in such manner as the Director of Public Health may prescribe,

(*i*) from the water-works of the Commissioners where any exist, or

(*ii*) where no water-works exist or where any water used for domestic or culinary purposes is drawn from any tank, well, spring or water-course or other source of supply, then from any such tank, well, spring or water-course or other source of supply as the Director of Public Health may at any time specify in this behalf ;

(*b*) prescribe a scale of fees to be paid by the Commissioners for the analysis which shall be made of the aforementioned samples under the direction of the Director of Public Health.

(*2*) Where any tank, well, spring or water-course or other source of supply is not within the control of the Commissioners, they shall nevertheless have full power to take water in such manner as they may think proper from any of the above sources of supply for the purpose of furnishing samples to the Director of Public Health.

Application for analysis by Public Analyst of water for domestic purposes.

353. On the representation of two qualified medical practitioners or ten or more persons to the Commissioners of any municipality within whose jurisdiction they reside, that within the municipality the water in any tank, well, spring or water-course, public or private, used or likely to be used for drinking or culinary purposes or for the manufacture of aerated or other drinks for human consumption is so polluted as to be injurious to health, the Commissioners shall forward a sample of such water to the Public Analyst for analysis at the cost of the Commissioners and if the Public Analyst certifies that such water, if used for drinking or culinary purposes, is liable to engender or cause the spread of disease, the Commissioners shall take measures to remedy the same or require the owner or person having control over such source of supply to take such measures for this purpose as to the Commissioners may seem fit, or if such source of supply cannot in their opinion effectively be protected from pollution, then the Commissioners shall make such order as they think proper and are empowered to make under this Act :

Provided that if the Commissioners are of opinion for reasons to be stated in writing that any representation made under this section is frivolous or vexatious, they may, before forwarding a sample of the water to the Public Analyst, require the persons making the representation to deposit the cost of the analysis, which shall be refunded in the event of the Public Analyst granting the certificate referred to in this section.

Fees for analysis of water.

354. Where the Commissioners have appointed a person to be the Public Analyst for the area under their control under section 3 of the Bengal Food Adulteration Act, 1919, the Local Government may, with the consent of the Commissioners, direct that any analysis prescribed under sections 352 and 353 of this Act shall be made by such analyst on the payment of such fees by the Commissioners for whom the analysis may be made, as the Local Government may fix.

they may by notice require the owners or occupiers of such building or buildings or portions thereof, or, at the option of the Commissioners, the owners of the land occupied by such building or buildings or portions thereof, to execute such works or to take such measures as they may deem necessary for the prevention of such risk.

(*3*) When any building is entirely demolished under this section and the demolition thereof adds to the value of other buildings in the immediate vicinity, the owners of such other buildings shall be bound to contribute towards the compensation payable to the owner of the first named building in proportion to the increased value accruing to their own premises.

The amount of such contribution and the proportions in which it is to be divided among the owners of such other buildings shall be determined by the Commissioners at a meeting and shall be recoverable as though it were a rate under the provisions of Chapter V.

(*4*) When any building though not entirely demolished under this section is demolished to the extent of more than half of its cubical contents, allowance shall be made in determining the compensation for the benefit accruing to the premises from the improvement thereof.

366. (*1*) If, for any reason, any building or portion of a building intended for, or used as, a dwelling place appears to the Commissioners at a meeting to be unfit for human habitation, they may require the owner or occupier of such building to make such alterations as they think necessary in the building in order to make it fit for human habitation, if they consider that this can be done, but whether they think it can be made fit for human habitation or not, they may, in either case, after giving the owner or occupier an opportunity of being heard, apply to a Magistrate to prohibit the further use of such building or portion thereof for such purpose ;

and the Magistrate shall serve a notice on such owner or occupier so as to give him an opportunity of being heard in the Court, and after such inquiry as he thinks fit to make, may, by written order, prohibit the further use thereof, or may pass such other order as he may deem just and proper.

and shall give notice of the time (being some time not less than one month after the service of the notice) and place at which such question will be considered to the owner, and to the occupier (if any) of the building,

and the said owner and occupier shall be entitled to be heard when the question is so taken into consideration.

(*2*) If, upon such consideration, the Commissioners are of opinion that the building has not been rendered fit for human habitation, and that the necessary steps are not being taken with all due diligence to render it so fit, they shall cause a written notice to be served on the said owner and occupier and also to be put on some conspicuous part of such building, requiring such owner and occupier to demolish the building or any portion thereof as the case may be or to execute such work as in the opinion of the Commissioners at a meeting may be necessary to render the building fit for human habitation.

(*3*) If such owner or occupier undertakes to execute with due diligence the work necessary to render the building fit for human habitation, and the Commissioners consider that it can be so rendered fit for human habitation, the Commissioners may postpone the operation of the said notice for such time as they think sufficient for the purpose of giving the said owner or occupier an opportunity of executing the necessary work.

(*2*) The Commissioners at a meeting may, by written order, declare what amount of superficial and cubic space shall be deemed for the purpose of sub-section (*1*) to be necessary for each occupant of a building or room.

(*a*) that the site is fit to be built upon from sanitary and engineering points of view;

(*b*) that it is well-drained or is capable of being well-drained, and that the owner will take the necessary steps to drain it; and

SECTION B.—*Buildings generally (other than huts).*

PART I.

2. Except with the written permission of the Chairman the foundation of buildings other than huts shall rest on natural ground.

3. The spread of the foundation shall be such that the pressure on the soil, taking into account the load on the floors and terrace roof (if any) shall not in any case exceed a maximum to be laid down by the Commissioners at a meeting with the approval of the Local Government.

4. The depths of the foundation shall be such as the Chairman may approve.

5. The plinth of every such building, except in the case of motor garages and coach houses, shall be at least one foot six inches above the level of the centre of the nearest street.

11. The floors of every such building shall be so constructed as to carry safely the maximum load, the allowance for live-load not being less than fifty-six pounds per square foot.

12. Every beam and girder in such building shall be supported by a breadth of brickwork, stone or other solid substance sufficient to secure stability.

24. If the face of such building is set back from the street at any height not exceeding the height specified in rule 17, such building may be erected or raised to a height greater than that so specified, but not so that any portion of such building shall intersect any of a series of imaginary straight lines drawn from the line of set-back, in the direction of the portion set-back, at an angle of forty-five degrees with the horizontal.

(*3*) Every open space, external or internal, required by sub-rule (*1*) of this rule, shall be free and shall be kept free, from any erection thereon and shall be open to the sky.

(*4*) The side of every such room abutting on an external or internal open space or an external or internal verandah shall have at least one-fifth of its area occupied by doors, windows or ventilators, but, in no case, shall the area so occupied be less than twenty-four square feet. Where, in the opinion of the Chairman, it shall be considered necessary, additional ventilators of a type approved by the Chairman shall be provided in the remaining sides of such room. Amendment of sections 29 and 30 of Bengal Act XII of 1932.

8. In sections 29 and 30 of the Bengal Suppression of Terrorist Outrages Act, 1932, after the words "a scheduled offence" the following shall be inserted, namely:—

"or of an offence referred to in sub-section (*2*) of section 25."

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to provide enhanced punishment for certain offences under the Indian Arms Act, 1878, and the Explosive Substances Act, 1908, and to provide for the trial by Special Courts of certain offences under the former Act when committed by arms smugglers.

Clause 3 of the Bill provides that a sentence of transportation for life, or any shorter term, or of imprisonment for a term which may extend to 14 years, or of fine, may be imposed for offences under clauses (*c*), (*e*) and (*f*) of section 19 of the Indian Arms Act, 1878 (unlawful importation or exportation of arms; going armed unlawfully; and having unlawful possession of, or control over, any arms, ammunition or military stores), if the offences are committed in respect of certain weapons which are commonly used in the commission of terrorist outrages. Offences under these clauses of section 19 are at present punishable with imprisonment which may extend to three years, or with fine, or with both. Such sentences are totally inadequate as a deterrent now that the terrorist menace and the smuggling of arms have reached their present dimensions.

Clause 4 of the Bill is consequential on clause 3. It brings the punishment for offences under section 20 of the Act, which are more serious than offences under section 19, into line with the punishment provided for offences under section 19, clauses (*c*), (*e*) and (*f*).

Clause 5 of the Bill provides for enhanced punishment for offences under sections 3, 4 and 5 of the Explosive Substances Act, 1908, in cases which are tried by Commissioners under the Bengal Criminal Law Amendment Act, 1925, or by Special Magistrates appointed under the Bengal Suppression of Terrorist Outrages Act, 1932, and is thus aimed at providing an enhanced penalty for offences under the Explosive Substances Act when committed in furtherance of the terrorist conspiracy. The clause enables a sentence of transportation for life or of imprisonment for a term which may extend to 14 years, to which fine may be added in either case, to be imposed for offences under sections 3, 4 and 5 of the Act.

Clauses 6 and 7 are specially aimed at those persons who are engaged in the illicit arms traffic and who, though they may not be terrorists themselves, are actively assisting that organisation by supplying them with arms.

The effect of these clauses is to make certain offences under the Indian Arms Act, 1878, when committed by arms smugglers, triable by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925, and by Special Magistrates appointed under the Bengal Suppression of Terrorist Outrages Act, 1932.

Clause 8 is consequential on clause 7.

Amendment of section 5 of Bengal Act III of 1923.

"2. In section 5 in clause (*a*) for the word "seventy-nine" the word "seventy-five" shall be substituted."

STATEMENT OF OBJECTS AND REASONS.

The formula adopted for the special representation of minority communities in section 19 of the Bengal Municipal Act, 1932, was based on the proportion borne by minority community to the total population of a municipality. The number of seats reserved for Muhammadans on the Calcutta Corporation by the Calcutta Municipal Act, 1923, is not now in accordance with the proportion borne by the Muhammadan population to the total population of Calcutta. This Bill has been introduced to meet the general feeling in favour of revision and it embodies the proposals which have been generally accepted by the representatives of the communities concerned.

Resolution on the Annual Reports of the Civil Veterinary Department, Bengal, and of the Bengal Veterinary College for the year 1931-32.

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Veterinary.

CALCUTTA, THE 23RD NOVEMBER 1932.

RESOLUTION—No. 5145Vety.

Minister-in-charge: The Hon'ble Nawab K. G. M. Faroqui, Khan Bahadur.

Read—

Annual Reports of the Civil Veterinary Department, Bengal, and of the Bengal Veterinary College for the year 1931-32.

I. **Civil Veterinary Department.**—During the year under review there was an increase in the mortality of animals from contagious diseases as compared with that of the preceding year. Rinderpest which was prevalent throughout the province took the heaviest toll, being responsible for 71 per cent. deaths reported from bovine diseases; whilst haemorrhagic septicaemia accounted for as many as 3,009 or about 20 per cent. of the deaths.

2. Preventive inoculation by the "serum alone" method of dealing with outbreaks was carried out extensively with success. Four hundred and seventy-one animals were also protected against rinderpest by the "serum simultaneous" method at Manipur in Dacca and at Kapilmuni in Khulna. The Hon'ble Minister notices with pleasure that the cost of inoculation in the latter place was borne equally by the district board and Rai Sahib Binode Bihary Sadhu of the district. It is hoped that other district boards and public-spirited gentlemen will emulate their example. An interesting experiment of inoculating plains cattle against rinderpest with "goat-virus-alone" has been undertaken by the department in collaboration with the Imperial Institute of Veterinary Research at Muktesar. The result of this experiment has so far been encouraging. Should the efficacy of the new "goat-virus-alone" method be established, it is hoped that it will be possible to secure the immunity of cattle from rinderpest at much less cost than at present.

3. Veterinary aid in the ordinary care of animals in the mufassal is still inadequate. No new hospital or dispensary was opened during the year. Nevertheless it is gratifying to note that a number of district boards have taken steps towards the construction or improvement of hospitals and dispensaries.

4. The necessity of tackling the important problem of animal diseases in Bengal has been keenly felt for some time past. During the year a scheme for the appointment of a Veterinary Investigation Officer for a term of five years was worked out at the instance of the Imperial Council of Agricultural Research, who offered financial assistance towards it. This scheme involves investigation of haemorrhagic septicaemia, rinderpest and other common diseases of cattle, etc., under the direction of the Director, Civil Veterinary Department, and Veterinary Adviser to this Government and in collaboration with the Director, Imperial Research Institute of Veterinary Research at Muktesar. This scheme was sanctioned after the close of the year, and it is hoped to start the work as early as possible.

5. The Governor acting with the Minister-in-charge notes with pleasure the names of the officers of the department who did good work during the year and also desires to acknowledge the services of Mr. Kerr and Khan Sahib Saiyed Sultan Ahmad.

II. **Bengal Veterinary College.**—The college maintained its popularity as will be evident from the increased number of applications for admission from various parts of India and even outside. There was also an increase in the number of entrants from Bengal in spite of limited scope for employment. In an agricultural country like Bengal, good and healthy cattle are a valuable asset to the cultivator, and an efficient veterinary staff is essentially necessary for educating the people in the care of their live-stock and affording the necessary veterinary aid. Much importance, therefore, attaches to the veterinary college which is the only institution in Bengal turning out qualified veterinary practitioners.

2. The report of the Principal contains an interesting account of the activities in various branches of the college and hospital. The scheme for a refresher-course of training of Veterinary Assistant Surgeons and veterinary graduates referred to in the last year's report has been kept in abeyance in view of the meagre support it received from the district boards which were consulted in the matter.

3. The Minister-in-charge is pleased to acknowledge the services rendered by Mr. MacGregor in the administration of the college and notes with pleasure the names of members of the college staff who did good work during the year. His thanks are also due to the non-official members of the committee of management for the services rendered by them.

Any person who has any knowledge of the whereabouts of any unlicensed arms, ammunition, or explosives or of any tools, machinery, implements or other material of any kind likely to be used for the commission of a scheduled offence shall forthwith report the fact to the nearest Magistrate, military officer or police officer.

CALCUTTA, THE 5TH DECEMBER 1932.

RESOLUTION—No. 23860P.

Read—

Government of Bengal *Communiqué*, dated the 29th September 1932, on the subject of the outrage at Pahartali in Chittagong on the 24th September 1932 and notification No. 20726P., dated the 25th October 1932, by which a collective fine of Rs. 80,000 was imposed on certain inhabitants of Chittagong district under sub-section (*1*) of section 27 of the Special Powers Ordinance, 1932.

As has already been announced, Government have imposed a collective fine on Chittagong in connection with the outrage of the 24th September, but for the reasons set out in the notification of the 25th October, they deferred collection until the 1st December 1932. That date has passed and no tangible results being as yet apparent from the action initiated by the local inhabitants and no advantage having been taken of the postponement of the realisation of the fine to assist the authorities with information likely to lead to the apprehension of the offenders, Government have no ground for further postponing the collection of the fine and the work of realisation will be taken up without delay.

2. It is the desire of Government, however, to encourage in every way the growth of the spirit of co-operation of which some signs have recently begun to manifest themselves in Chittagong. They have therefore decided that, while the collection of the fine must go on, the decision as to the ultimate destination of the money will be left in abeyance for the present, and meanwhile the results of such efforts as may be made by the inhabitants of Chittagong to assist Government in dealing with the menace of terrorism will be observed. In the light of those

results Government will consider in due course whether they would be justified in returning in whole or in part the sums already collected or applying the money to local needs instead of to the general requirements of the Province.

By order of the Governor in Council,

R. N. REID,
Chief Secy. to the Govt. of Bengal.

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 736L.C.—1st December 1932.—The following report of the Select Committee on the Bengal Public Security Bill, 1932, with the Bill as amended by the Committee, is hereby published for general information.

REPORT OF THE SELECT COMMITTEE ON THE BENGAL PUBLIC SECURITY BILL, 1932.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Public Security Bill, 1932, was referred by a motion carried in the Bengal Legislative Council on the 23rd November, 1932, have the honour to submit this our Report with the Bill as amended by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette* on the 17th November, 1932.

2. The Committee met on the 25th November, 1932, and concluded its sitting on that day.

3. We do not consider that the Bill has been so altered as to require re-publication.

4. The changes made in the Bill are detailed below :—

Clause 3 (1).—The change made in clause 3 (*1*) is mainly of a drafting nature.

Clauses 5 and 6.—We have substituted the word "security" for the word "advantage" in these two clauses as being more in keeping with the main principles underlying the Bill.

We think, however, that the word "advantage" should be retained in clause 7.

Clause 8.—We consider it better to restrict the powers referred to in this clause to police officers not below the rank of an Assistant Sub-Inspector of Police.

Clause 9.—We have omitted this clause as being unnecessary having regard to the provisions of clause 3 (*1*).

Clause 10.—We have brought the wording of this clause into line with the wishes of the House as recently expressed in an amendment carried out in section 14 of the Bengal Suppression of Terrorist Outrages Act, 1932.

Clause 13 (3).—We consider that the powers to be delegated by the District Magistrate under this sub-clause should be restricted to officers of gazetted rank and we have amended the sub-clause accordingly.

Clause 16 (1).—We have omitted the words "for any purpose" in this sub-clause as being unnecessary.

Clause 24.—A misprint has been corrected.

Clause 26.—The majority consider that, so far as rent of agricultural land is concerned, it is unnecessary and undesirable to give power to the Collector to recover such rent on behalf of the landlord by the certificate procedure. The clause has been amended accordingly.

Clause 27A.—This new clause reproduces the provisions of section 78 of the Special Powers Ordinance, 1932. It is essential that the exercise of the Emergency Powers conferred by Chapter II of the Bill should be safeguarded in the manner provided in this clause. It is understood that this clause will, in so far as it affects the jurisdiction of the High Court, require to be supplemented by legislation in the central legislature. It seems advisable however that this clause should be enacted by the local legislature and that it should not be left to the central legislature to enact it *in toto*.

Joint Minute of dissent by the Hon'ble Mr. W. D. R. Prentice and Mr. R. N. Reid.

We have to record a note of dissent from the amendment made by the majority of the Committee in clause 26 of the Bill. A movement that is directed against the payment of agricultural rent may have very serious effects on law and order and indirectly on Government revenue.

Circumstances might well arise where, in addition to having the special powers of clause 24 to prevent the instigation of non-payment of rent, it might be necessary also to have powers to collect agricultural rent by special means.

Minute of dissent by Raja Bhupendra Narayan Sinha Bahadur, of Nashipur, M.L.C.

I sign the Report of the Select Committee subject to this Note of Dissent :—

The words " other than rent of agricultural land or anything recoverable as arrears of or along with such rent " in clause 26(*1*) of the Bill as amended by the Select Committee be omitted.

My reasons for not agreeing to the addition of the words, are that if the words stand in the clause, the land-holders will be the greatest sufferers. If a no-tax campaign be launched, it is generally the agrarian people who will be most swayed by the movement. If the zamindars have to take recourse to the ordinary law, it will take five or six years to realise the rent and if they intend to take the advantage of the Certificate Procedure, there will be a delay of two or three years to set the machinery of the Government in motion ; as to get the sanction of the Government for the Certificate Procedure it usually takes two or three years' time. In the meantime the zamindar will have to pay his revenue quarterly to the Government. So, quicker procedure as that has been laid down in the original Bill should have to be adopted. There should be no apprehension of any oppression on tenants because the measure will be directed against the wilful non-payment of legal dues only when they are able to pay such rent, which in any case they will have to pay some time or later. If this be not done, the zamindars will be the sufferers and not the tenants who will be benefited thereby.

Minute of dissent by Mr. W. H. Thompson, M.L.C.

A no-rent campaign is one of the most likely developments of civil disobedience When Lord Cornwallis completed the Permanent Settlement in 1792, he hoped thereby to establish a class of landlords who would be men of substance, able to meet the Government revenue in times of adversity. Unfortunately his anticipations have not materialised. After 140 years the majority of landlords and middlemen in Bengal still spend on themselves all they collect each year, and it is useless to expect that the landlords will pay their revenue if they cannot collect their rents. Thus in practice a no-rent campaign will mean default in the payment of revenue to Government, and there is every justification in the application of the Public Demands Recovery Act to rents in an emergency. While, therefore, having little sympathy with defaulting landlords, I do not approve of the proposed addition to clause 26.

Minute of dissent by Rai Bahadur Kamini Kumar Das, M.L.C.

I sign the report of the Select Committee on the Bengal Public Security Bill, 1932, subject to the following minute of dissent.

In my opinion clause 26 should be retained as in the original Bill.

In the report it is stated that the majority consider that, so far as rent of agricultural land is concerned, it is unnecessary and undesirable to give power to the Collector to recover such rent on behalf of the landlord by the certificate procedure but clause 26 as now stands excludes even " anything recoverable as arrears of or along with such rent."

This amendment of the original clause excludes not only rent but also " anything recoverable as such or along with it ". Principally the cess due to the zamindar, which in my opinion is very hard besides if the recovery of " rent or any other thing " mentioned in clause 23 (*2*) be thus excluded clause 26 becomes almost superfluous as the Collector has power to proceed under the Bengal Public Demands Recovery Act to recover such and other dues as mentioned in clause 23 (*2*) besides rent, etc.

THE BENGAL TENANTS PROTECTION FROM USURY BILL, 1932.

A

BILL

to protect tenants in Bengal from usurious exactions.

Definitions.

2. In this Act unless there is anything repugnant to the context—

(*i*) "tenant" means a person defined in the Bengal Tenancy Act, 1885, as a tenant except such tenure-holders as have no land under their direct cultivation. VIII of 1885.

(*ii*) "usurious rate" means a rate of interest in contravention of the provisions of this Act.

(*iii*) "creditor" means a person who has lent money to a tenant.

(*iv*) "debtor" means a tenant who has borrowed money from a creditor.

(*v*) "official gazette" means a Gazette published periodically under the authority of the Government.

(*vi*) "illiterate tenant" means a tenant who cannot read anything printed or written or write anything except a bare scribbling of his name.

(*vii*) "debt" shall include principal as well as interest.

(*ix*) "period of abeyance" means the period of the year from the 1st of Bengali month of Baisakh to the last day of the Bengali month of Sravan.

(*x*) "food grain" includes all kinds of cereal, pulses and oil seeds.

3. A rate of interest which is more than 20 per cent. per annum is a usurious rate of interest.

CHAPTER II.

4. In a suit for the payment of money no court shall decree against a tenant debtor a rate of interest which is more than 20 per cent. per annum although the usurious rate of interest has not been taken as a plea.

The Bengal Tenants Protection from Usury Bill, 1932.

(Clauses 5—13.)

5. In a suit for money or for sale on account of a simple mortgage or in a suit for foreclosure on account of a mortgage by conditional sale no court shall decree against a tenant debtor a rate of interest which is more than 20 per cent. per annum although the usurious rate of interest has not been taken as a plea.

6. No court shall proceed to execute a decree where the rate of interest decreed is at the usurious rate unless the decree-holder agrees to deduct from the decretal amount a sum which would be found to be in excess when interest is calculated at the rate permissible under this Act and cost which would be proportionally less, and if the decree is already in execution further proceedings shall be stayed unless the provisions of this section are complied with.

Explanation.—This section shall apply to a decree passed within three years previous to the passing of this Act.

7. If in a suit by a tenant debtor it is proved that within three years previous to the passing of this Act the creditor has realised from him at an usurious rate of interest an amount to which he is not entitled under the provisions of this Act the court may pass a decree for the excess amount against the creditor.

8. No court shall pass a decree against a tenant debtor where the total amount claimed is more than double the principal money advanced.

9. No court shall proceed to execute a decree against a tenant debtor where the amount decreed is more than double the principal money advanced unless the decree-holder agrees to deduct from the decretal amount a sum which is in excess of double the principal money advanced and cost which is proportionally less, and if the decree is already in execution further proceedings shall be stayed unless the provisions of this section are complied with.

Explanation.—This section shall apply to decrees passed within three years previous to the passing of this Act.

10. In computing the amount which is double the principal money advanced the court shall take into account any money which has been paid by the debtor to the creditor out of court whether before or after the institution of the suit.

11. When money is payable through court no creditor shall get any amount to which he is not entitled under the provision of this Act and the excess over the dues of a creditor shall be paid back to the debtor.

CHAPTER III.

NEW RULE OF EVIDENCE.

12. Notwithstanding anything contained in the Indian Evidence Act, 1872, if an illiterate tenant debtor produces a receipt purported to be granted to him for the payment of any part of his debt it shall be admitted into evidence. I of 1872.

CHAPTER IV.

DEPOSITS.

13. If at any time after six months from the date of contracting the debt or earlier if the debt has become due the tenant debtor deposits in court, together with an application to that effect, a sum equal to the principal amount together with interest calculated at a stipulated rate or at a rate permissible under this Act computed up to the date of deposit the court shall receive the amount.

The Bengal Tenants Protection from Usury Bill, 1932.

(*Clauses 14—26.*)

14. On receiving the amount mentioned in section 13 the court shall cause at the instance of the tenant debtor a notice or if the circumstances so require a registered post-card or both to be served on the creditor asking him to file within thirty days from the date of service of the notice or the registered post-card, objection, if any, showing that the amount deposited is less than the amount due to the creditor.

15. The fee for the service of notice mentioned in the last preceding section shall not be more than the money-order fee for the amount deposited.

16. In no case shall the deposit exceed double the principal money advanced.

17. Where the debt is secured by a registered instrument a certified copy of the instrument shall be filed with the deposit.

18. The service of the notice shall be in the manner prescribed in the Code of Civil Procedure, 1908, for the service of summons. Act V of 1908.

19. No interest on any sum mentioned in the application for deposit as principal money advanced shall run from the date of deposit.

20. If an objection is filed in time by the creditor the court shall fix a date for the hearing of the objection.

21. If on the date fixed for the hearing of the objection the court is satisfied upon taking evidence that the objection is untenable it shall dismiss the petition of objection granting such costs to the tenant debtor as the court thinks fit.

22. If no objection is filed within the specified time under section 14 or if the objection is dismissed under section 21 and in all cases where the amount deposited is double the principal money advanced the court shall grant to the tenant debtor a certificate to the effect that the debt is discharged.

23. In a suit for money or for sale or for foreclosure or when a decree is sought to be executed by a creditor no court shall proceed against a tenant debtor to whom a certificate of discharge has been granted in respect of that particular debt.

24. If the objection filed in time by a creditor is allowed and the court finds that consistent with the provisions of this Act the amount due to a creditor is in excess of the amount deposited the court may upon taking proper court fee give the creditor a decree for the excess amount.

CHAPTER V.

APPEAL.

25. An appeal shall lie to the District Judge against any order allowing or rejecting an objection.

CHAPTER VI.

SETTING ASIDE AN *ex parte* DECREE.

26. Where immovable property is sold or foreclosed in execution of a decree to which the provisions of this Act applies the tenant debtor may within thirty days from the date of confirmation of the sale or foreclosure file an application for setting aside the sale or foreclosure on the ground that the decree is in contravention of the provisions of this Act.

The Bengal Tenants Protection from Usury Bill, 1932.

(Clauses 27—37.)

27. Notwithstanding anything contained in the Code of Civil Procedure, 1908, or any other enactment for the time being in force if the court finds that the decree is in contravention of the provisions of this Act the sale shall be set aside. Act V of 1908

28. If within the period mentioned in the Code of Civil Procedure, 1908, the tenant debtor applies under Order IX, rule 13 of the said Code for setting aside an *ex parte* decree and satisfies the court that there is reason to believe that the decree is in contravention of the provisions of this Act the decree shall be set aside.

CHAPTER VII.

MISCELLANEOUS.

29. No court shall proceed with the execution of a decree, issue any writ of attachment or a distress warrant or hold a sale in execution of a decree against a tenant debtor during the period of abeyance.

30. If at any time after the passing of the decree the tenant debtor deposits in court a sum which would be due by him according to the provisions of this Act the court shall enter a certificate in the register to the effect that the decree is satisfied.

31. It shall be competent to a court to grant to the tenant debtor in case of hardship easy instalments at any time after the decree is passed ; provided that the tenant debtor admits liability for the entire decretal amount.

32. Where food grain is advanced to a tenant debtor by way of loan instead of money the principles and provisions of this Act shall apply.

33. If it is found by a court that the principal money advanced to a tenant debtor is less than the amount mentioned in any instrument creating the debt the court may by way of damages award to the tenant debtor a sum not exceeding ten times the difference and shall credit the amount so awarded against any decree that might be obtained by the creditor against the tenant debtor.

34. Nothing in this Act shall apply to a decree obtained by a landlord against a tenant for arrears of rent.

35. In addition to what is contained in other enactments for the time being in force the following articles belonging to a tenant debtor shall not be subject to distraint or attachment :—

(*1*) Agricultural implements and accessories.

(*2*) Cattle necessary for the same.

(*3*) Milch cow and sucking calf.

(*4*) One dry cow.

(*5*) Food grains necessary for the purpose of next sowing.

36. The provisions of section 18 of the Indian Limitation Act, 1908, shall apply to all suits and proceedings under this Act. IX of 1908.

37. Nothing in this Act shall take away the inherent power of the court to give relief in cases of extreme hardship.

The Bengal Tenants Protection from Usury Bill 1932

(Clauses 38, 39.)

38. If it is proved in a suit for the realisation of debt that the creditor has sued an illiterate tenant debtor for a satisfied or part satisfied debt the court may award to the debtor such compensation as it thinks fit and the creditor shall on the complaint of the court before whom the suit was brought notwithstanding any other enactment for the time being in force be sentenced to a term of imprisonment which may extend to six months or with fine.

Explanation.—Possession of a deed creating the debt or non-entry in any document that the debt is satisfied after the debt is satisfied by the creditor raises a presumption that the creditor had the intention to sue the debtor for a satisfied debt.

39. The Local Government may from time to time publish in the official Gazette for the purpose of this Act a rate of interest considered to be fair and equitable according to the agricultural condition of the year.

STATEMENT OF OBJECTS AND REASONS..

The Bill is intended to protect tenants from usurious exactions as distinguished from other debtors for whom the ordinary law is not disturbed. Poor tenants who generally use borrowed money for their maintenance during hard times find it considerably difficult to pay it back at usurious rates. Usurers generally have to fall back upon the lands of their debtors with the result that the genuine children of the soil are rendered homeless and landless. The absence of experienced and industrious tillers of the soil ultimately produces an adverse effect on the agricultural wealth of the country. No country can be prosperous, no freedom can be permanent unless it is broadbased on a free and prosperous peasantry producing and helping in an all round distribution of its wealth. Usury has been condemned by the laws of Manu. "He who takes food from a usurer eats night soil" says Manu. The principle of double amount is also taken from Manu. It is still prevalent in Southern India by custom and is known as the law of Damduput.

The British Government who require brave soldiers from the Punjab to fight their battles have managed to preserve the freedom of the peasantry to a considerable extent by land alienation Acts. In Bengal there being no such necessity the peasants are left to drift for themselves and are alternately exploited by landlords and money-lenders The Usurious Loans Act has not improved matters much and the court to whom discretion is left to determine the rate of interest sometimes decide that a rate of 75 per cent per annum is the usual rate. The courts being highly paid officials have in many cases money to spare and to lend and their inclination would naturally be towards a high rate of interest. It is to remedy this defect that this legislation is introduced

No. 782L.C. — 5th December, 1932.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 1st December, 1932, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL LAND-REVENUE SALES (REPEALING) BILL, 1932.

A

BILL

to repeal the Bengal Land-revenue Sales Act, 1841.

WHEREAS it is expedient to repeal the Bengal Land-revenue Sales Act, 1841 ; XII of 1841.

It is hereby enacted as follows :—

Short title. **1.** This Act may be called the Bengal Land-revenue Sales (Repealing) Act, 1932.

Repeal of Act XII of 1841. **2.** So much of the Bengal Land-revenue Sales Act, 1841, as has not been repealed is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

Prior to the passing of Act XII of 1841 interest was payable on arrears of land revenue. That Act was passed in order to regulate the number of periodical sales of estates for arrears of land revenue and to provide for sales of defaulting estates at fixed and known periods. Section VI of that Act provided that with certain exceptions all estates for which, at sunset of the day preceding that fixed for a sale, an arrear of land revenue might be due should be sold on the next day or days following, and the levy of interest was abolished by section II. At present estates which have been advertised for sale may be exempted from sale under section 18 of Act XI of 1859 and in such cases a small penalty is charged ; but estates under the management of the Court of Wards are exempt from sale under section 23 of the Court of Wards Act, 1879 (Ben. Act IX of 1879), and no penalty is charged. There is, however, no reason why interest should not be levied on the arrears due from Court of Wards estates and in recent times the amount of the arrears due from Court of Wards estates is sometimes considerable. The object, therefore, of the present Bill is to remove the bar imposed by the unrepealed section II of Act XII of 1841 against the levy of interest on arrears due by estates in charge of the Court of Wards or by other estates the sale of which is prohibited by law. It is not intended to alter the present system of charging penalty only in case of estates exempted from sale under section 18 of the Land-revenue Sales Act, 1859 (XI of 1859).

3. After section 14 of the said Regulation the following section shall be inserted, namely :—

Procedure for setting aside sale.

" **14A.** *First.*—It shall be competent to a defaulting *patnidar* of a *patni* taluk or a defaulting holder of a tenure sold under this Regulation or to a *talukdar* or tenure-holder of the second degree of such *taluk* or tenure or to a person holding an interest in such *taluk* or tenure in virtue of a title acquired before the sale of the *taluk* or tenure or to a person having a mortgage on such *taluk* or tenure to apply to the Collector to have the sale set aside on the applicant depositing with the Collector within thirty days from the date of sale, or if the *taluk* or tenure has been resold within thirty days from the date of the original sale—

(*a*) a sum of money equal to one *per cent.* of the purchase money, for payment to Government for the purposes specified in the second clause of section 17,

(*b*) a sum of money equal to the amount on account of which the sale has been made together with interest and all charges incurred in bringing the *taluk* or tenure to sale, for payment to the *zamindar*, and

(*c*) a sum of money equal to five *per cent.* of the purchase money and in no case less than one rupee for payment to the purchaser.

On receipt of an application to set aside the sale the Collector shall serve a notice on the *zamindar* and the auction purchaser fixing a date for hearing the same.

Second.—No application shall be entertained under this section if the applicant has instituted a suit in the Civil Court to set aside the sale unless he first withdraws such suit.

Third.—No application shall be allowed under this section without the consent of the *zamindar*—

(*a*) if the defaulting *talukdar* or tenure-holder is liable or has agreed to pay on behalf of the *zamindar* any revenue or cess due to Government from the *zamindar* and such revenue or cess has not been paid to Government or deposited in Court before the date fixed for the hearing of the application ; and

The Bengal Patni Taluks Regulation (Amendment) Bill, 1932.

(Clause 4.)

(*b*) unless the applicant, in addition to other sums which he is required to deposit under this section, deposits for payment to the *zamindar* all arrears of rent and cess due for any period antecedent to the current year together with interest payable thereon.

Fourth.—If no objection is made by the *zamindar* or the auction purchaser on the date fixed for the hearing of the application or on any subsequent date to which the hearing may be adjourned and the deposit required by the first clause of this section has been made within thirty days from the date of the sale. The Collector shall allow the application and make an order setting aside the sale, and shall pass orders for the disposal of the money deposited by the applicant and the refund of the purchase money.

Fifth.—If any objection is made by the *zamindar* or auction purchaser the Collector shall refer the application together with the objection to the nearest Civil Court having jurisdiction and such Civil Court shall "decide whether the applicant is entitled under this section to have the sale set aside, and shall either dismiss the application or make an order setting aside the sale, and shall pass such further orders regarding the disposal of the money deposited by the applicant, the refund of the purchase money, the payment of costs or any other matter arising out of the application as it thinks fit.

The Civil Court may, at its discretion, make suitable arrangements for protection of the *taluk* or tenure but the *patnidar* or tenure-holder shall be allowed to remain in possession if he pays to the Court in advance six months' rent payable by him for such *patni* or tenure or gives security for one year's rent to the satisfaction of the Court. If such payment is not made or security is not given the Court may appoint a receiver for the *patni* or tenure.

Sixth.—If an application is referred to the Civil Court on objection made by the auction purchaser, the *zamindar* may withdraw from the sale proceeds in deposit an amount equal to the amount on account of which the sale has been made and in the event of the sale being set aside by the Civil Court a sum equal to the amount so withdrawn by the *zamindar* shall be paid out of the deposit made by the applicant under sub-clause (*b*) of the first clause of this section to the purchaser instead of to the *zamindar*.

Seventh.—The Civil Court may direct that any sum in deposit with the Collector under the *first* or *third* clause of this section shall be invested pending decision of the application by the Civil Court and thereupon the Collector shall remit the said sum to the Civil Court for investment."

Amendment of section 15.

4. In the first clause of section 15 of the said Regulation for the words " so soon as the entire amount of the purchase money shall have been paid by the purchaser at any sale made under this Regulation," the following shall be substituted, namely :—

" On the expiry of thirty days from the date of any sale made under this Regulation, or if there has been a resale within thirty days of the original sale if the entire amount of the purchase money has been paid by the purchaser, and if no application under section 14A to set aside the sale is pending."

STATEMENT OF OBJECTS AND REASONS.

A Bill for amending the Patni Regulation, VIII of 1819, was introduced in the Council by Babu Kishori Mohan Chaudhuri but was ultimately rejected in February, 1932 The object of the Bill was to provide that sales held under the Regulation might be set aside on deposit of the dues of the zamindars together with certain other sums within 30 days from the day of the sale on the analogy of similar provisions in the case of civil court sales, rent sales and certificate sales. Government opposed the Bill but gave an assurance that Government would introduce a Bill to give relief to patnidars whose tenures are sold under the Regulation subject to certain safeguards and after obtaining opinions from those concerned. The principal modification introduced in the present Bill is that in case of dispute the application to set aside the sale will be referred to the Civil Court for adjudication, since it would be imposing an undesirable burden on Collectors if they had to decide summarily the questions which may arise in such cases and further their decisions would not be final

The Bill further provides for payment of any rent and cess due to Government which the patnidar has agreed to pay on behalf of the zamindar, and of rent and cess due to the zamindar for any period antecedent to the current year, and that if the application is referred to the Civil Court on the objection of the purchaser the zamindar may withdraw from the deposit the amount on account of which the tenure was sold. The patnidar will be allowed to remain in possession of the tenure pending decision by the Civil Court on certain conditions

NOTICE.

Senate House, the 24th September 1932.

The Senate will proceed in the month of August 1933 to the election of a Tagore Professor of Law for a term of one year, to commence on the 1st August 1934.

The salary of the Professorship is Rs. 9,000 per annum and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects:—

(*i*) The History of Development of Hindu Law in British India.

(*ii*) The History of Development of Moslem Law in British India.

(*iii*) The Law relating to Dissolution of Marriage and Judicial Separation in British India.

The salary of the Professor will be paid in twelve *equal monthly instalments*, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are required to forward their applications to the Registrar on or before the 1st May 1933, stating on which of the above-named three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief synopsis of his proposed lectures; and if he so pleases, the same number of copies of his introductory lecture.

The Professor will, not later than the month of August following his election, forward to the Registrar a complete copy (manuscript or type-written) of the lectures which he proposes to deliver. The copy will be forthwith referred by the Faculty of Law to a Committee of not more than three persons to be selected for their special competence in this behalf who will examine the same and, before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the Press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered will remain in the custody of the Registrar and shall be sent to the Press as soon as practicable after delivery thereof.

If the Professor fails to submit the copy of lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the Press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.
